Appendix 3A: Sites on the Brownfield Register – Pro forma .....	

### 1. Introduction

- 1.1 There are two purposes to this report:
- a. To set out the current annual **housing requirement** for Sheffield, taking account of the Government's standard methodology for calculating local housing need (LHN)<sup>1</sup>, and therefore to calculate the 5-year housing land requirement, including consideration of the appropriate buffer to be used.
  - b. To identify the sources of housing land that contribute towards the deliverable housing land **supply** and confirm Sheffield's current 5-year housing land position as at 1 April 2020. Evidence to support the assessment of deliverability is documented in the appendices.
- 1.2 The 5-year period covered by this report runs from 1 April 2020 to 31 March 2025 inclusive.

---

<sup>1</sup> <https://www.gov.uk/guidance/housing-and-economic-development-needs-assessments> paragraph 004

## 2. Housing Requirement

- 2.1 A **5-year housing land supply** is a supply of specific, deliverable sites sufficient to provide 5 years' worth of housing in addition to an appropriate buffer (NPPF, paragraph 73)<sup>2</sup>. The baseline to assess the deliverable supply of housing land against is the housing requirement; in Sheffield's case the local housing need figure.
- 2.2 Since 2018, the **minimum number of homes needed in each local authority area** must be calculated using the Government's standard method in national planning guidance<sup>3</sup>. The National Planning Policy Framework (NPPF) (footnote to paragraph 73) says that where the strategic policies in the local plan are more than 5 years old (unless they have been reviewed and found to not require updating), the local housing need figure should be used to calculate the housing requirement.
- For Sheffield, the requirement calculated for 2020 is **2,131** net additional homes per year.
- 2.3 To calculate the housing requirement, the baseline of national household projections is used as a starting point and this is then modified to take account of market signals. This approach reflects house prices relative to earnings.
- 2.4 The demographic baseline used is the 2014-based household projections, taking the annual average rate of household growth over a 10-year period (in this case 2020 – 2030)<sup>4</sup>.
- 2.5 The second stage of the methodology is to adjust the annual number of new homes needed to take account of the affordability of homes. Affordability ratios for median house prices in relation to median earnings are used to adjust the demographic baseline figure<sup>5</sup>. Using this methodology Sheffield's current local affordability ratio is 5.65. The calculation is set out as follows:

<sup>2</sup> <https://www.gov.uk/government/publications/national-planning-policy-framework--2>

<sup>3</sup> <https://www.gov.uk/guidance/housing-and-economic-development-needs-assessments> paragraph 004

<sup>4</sup> Over the 10-year period from 2020, the number of households is projected to rise from 247,611 in 2020 to 266,931 in 2030. This represents an addition of 19,320 households (1,932 per year on average).

<sup>5</sup> Using median affordability ratios provided by the Office for National Statistics <https://www.ons.gov.uk/peoplepopulationandcommunity/housing/datasets/ratioofhousepricetoworkplacebasedearningslowerquartileandmedian> Table 5c

Adjustment factor =  $\left[ \frac{\text{Local affordability ratio} - 4}{4} \right] \times 0.25 = 0.103125$

Local housing need = (1 + adjustment factor) x projected household growth

For Sheffield (2020) this would be (1 + 0.103125) x 1,932 = **2,131** new homes per year

2.6 The local housing need figure will be updated annually, following the publication of affordability ratios each March.

**Appropriate buffer**

2.7 Paragraph 73 of the NPPF states that the supply of deliverable sites should also include a buffer of 5% to ensure choice and competition in the market for land. There are certain circumstances in which local authorities would be required to add a different buffer, as noted in paragraph 2.8 below.

2.8 The Housing Delivery Test (HDT)<sup>6</sup> provides a measure, calculated over a 3-year rolling period, of net housing delivery compared to the housing requirement. Where delivery falls below 95% of the requirement, the NPPF prescribes certain measures including publication of an action plan, use of a 20% buffer and application of the presumption in favour of development. The most recent (2019) Housing Delivery Test results were published in February 2020<sup>7</sup>; these showed Sheffield’s delivery was 112%. We estimate it will be 120% when the Government publishes the 2020 HDT. This provides evidence that there is no significant under-delivery in Sheffield and therefore the 5% buffer to ensure choice and competition on top of the 5-year housing land requirement applies.

2.9 Sheffield’s net housing requirement for the 5-year period 2020/21 to 2024/25 is therefore:

Current local housing need figure	2,131
5-year requirement (2020/21 to 2024/25): 5 years @ 2,131 per year	10,655
Plus 5% buffer to ensure competition and choice	533
<b>Total net 5-year requirement</b>	<b>11,188</b>

<sup>6</sup> <https://www.gov.uk/government/publications/housing-delivery-test-measurement-rule-book>  
<sup>7</sup> <https://www.gov.uk/government/publications/housing-delivery-test-2019-measurement>

### 3. Supply

- 3.1 This section identifies the evidenced sources of housing land contributing to the 5-year supply of deliverable sites. It also provides an estimated trajectory of supply and concludes by setting out the current 5-year housing land position.

#### Definition of 'deliverable'

- 3.2 The NPPF clearly defines *deliverable*<sup>8</sup> for the purposes of including sites within the 5-year housing land supply. It separates sites into two distinct categories. It states that:

*'To be considered deliverable, sites for housing should be available now, offer a suitable location for development now, and be achievable with a realistic prospect that housing will be delivered on the site within five years. In particular:*

- (a) *sites which do not involve major development and have planning permission, and all sites with detailed planning permission, should be considered deliverable until permission expires, unless there is clear evidence that homes will not be delivered within five years (for example because they are no longer viable, there is no longer a demand for the type of units or sites have long term phasing plans).*
- (b) *Where a site has outline planning permission for major development, has been allocated in a development plan, has a grant of permission in principle, or is identified on a brownfield register, it should only be considered deliverable where there is clear evidence that housing completions will begin on site within five years.'*

- 3.3 The definition sets out two key categories of sites that can be tested for inclusion in the deliverable housing land supply. Planning practice guidance<sup>9</sup> provides further detail on what sites should be considered deliverable, and the evidence required to demonstrate this. For small sites with planning permission, and large sites with full planning permission (category A), the presumption is that those sites will be included in the 5-year supply, unless there is evidence to the contrary. This may be where they are no longer viable, there is no longer demand for the type of units or sites have long term phasing plans.
- 3.4 Paragraph 007 of the guidance describes the type of evidence that may be used to demonstrate deliverability on those sites in category (B) of the NPPF definition. For sites with outline planning permission for major development,

<sup>8</sup> National Planning Policy Framework, Annex 2: Glossary, revised February 2019  
<https://www.gov.uk/government/publications/national-planning-policy-framework--2>

<sup>9</sup> Housing Supply and Delivery, published 22 July 2019 <https://www.gov.uk/guidance/housing-supply-and-delivery>

that have been allocated in the development plan, have permission in principle, or are on the brownfield register, the burden of proof is different and the onus is on local planning authorities to demonstrate that there is clear, specific evidence that housing completions will begin on site within five years such as:

- Progress made towards approving reserved matters on large sites with outline permission;
- Firm progress being made towards the submission of an application – for example a written agreement between the local planning authority and the site developer(s) confirming the developer’s delivery intentions and anticipated start and build out rates;
- Firm progress with site assessment work;
- Clear, relevant information about site viability, ownership constraints or infrastructure provision, such as successful participation in bids for large-scale infrastructure funding or other similar projects<sup>10</sup>.

3.5 Appendixes 1-3 list the large sites that are included within the 5-year supply in addition to the relevant evidence, where required, to demonstrate deliverability within the 5-year period up to and including 31. March 2025. Table 3 below summarises the capacity for each category that can be included within the 5-year supply.

### **Sources of supply**

3.6 The definition of ‘deliverable’ in the NPPF determines which categories sites fall into. The largest category of sites is those that already have full planning permission for 10 or more dwellings. However, small sites and sites on the brownfield register also make a significant contribution towards the 5-year supply.

3.7 The HELAA Working Group<sup>11</sup> identified key issues in relation to sourcing materials for development, and with the ageing workforce within building trades as potential limitations on delivery as a result of Covid-19. The implication of this could potentially be to reduce build rates. However, the build rate assumptions used (see table 3 below), and agreed by the Working Group, are already conservative which will help ensure that any slowdown on site delivery as a result of Covid still results in delivery that remains within the time period estimated.

3.8 A further implication of Covid that was discussed with the Working Group relates to the impact on the housing market of uncertainty around the economy and job losses. Potential changes in market requirements as a result of people spending more time in their homes were also discussed. This is something that we will continue to monitor in relation to the amount of planning applications that are received for different types of housing, and also

---

<sup>10</sup> Taken from Paragraph 007 of Housing Supply and Delivery, as above.

<sup>11</sup> The HELAA Working Group comprises representatives from the house building and development industries.

completions by house type. However, the HELAA Working Group fed back that as developers they are seeing strong sales on schemes that are on site, suggesting that the impact of Covid may not be as negative as initially thought.

### Category A

- 3.9 **Large sites with full planning permission** make up the majority of sites that will deliver new homes over the 5-year period. Each year an audit is carried out to ascertain which sites have delivered homes, and which are (a) under construction, (b) stalled or (c) not started. Large sites are therefore split into these three sub-categories for the purposes of analysis.
- 3.10 The audit of the deliverability of sites uses site visits and observations, cross referenced with Council Tax data, household waste collection data, CIL commencement notices and communication with developers/agents. The NPPF notes that sites with full planning permission should be considered deliverable unless there is clear evidence that homes will not be delivered. The majority of sites for 10 or more homes with full planning permission are included within the 5-year supply. Exceptions include those sites where the developer/agent has confirmed that the development will not go ahead, and some sites where development has stalled. Appendix 4 lists large sites with full planning permission that have been excluded from the 5-year supply.
- 3.11 Appendix 1 lists all sites with full planning permission that are included within the 5-year supply. More than 50% of homes in this category are on sites that are already under construction. Where sites have been assessed as actively under construction during summer 2020, following the initial Covid-19 lockdown, we consider that they will continue to completion unless there is evidence to suggest otherwise.
- 3.12 **Small sites with planning permission** are included in the 5-year supply, whether they have outline or full permission. Paragraph 3.14 – 3.15 below sets out the approach used to count the contribution of small sites towards housing land supply, and Table 1 evidences small site delivery over the past 12 years to demonstrate the robust supply of small windfall sites coming forwards. This is the approach taken in the Housing and Economic Land Availability Assessment (HELAA)<sup>12</sup>.
- 3.13 At 1 April 2020 there was permission for 923 homes on small sites, including remaining capacity on those sites already under construction. The HELAA methodology<sup>13</sup> estimates that 70% of homes on small sites will be delivered, which would comprise 648 dwellings over the 5-year period. The remainder of the homes delivered on small sites over the 5-year period will be generated from windfall sites that had not yet been granted planning permission at 1 April 2020.

---

<sup>12</sup> <https://www.sheffield.gov.uk/content/sheffield/home/planning-development/housing-land-sites.html>

<sup>13</sup> As above

- 3.14 The NPPF states that all small sites with permission should be considered deliverable<sup>14</sup> and therefore all of those with planning permission could be included in the 5-year supply. However, the HELAA methodology takes a cautious and, therefore more robust approach to the likely delivery of small sites; recognising that not all those with permission will be delivered, and that other small sites will continue to obtain planning permission each year.
- 3.15 Paragraph 70 of the NPPF states that where an allowance is made for inclusion of windfall sites within the housing trajectory, there should be compelling evidence that they will be a reliable source of supply. Whilst no allowance is made here for windfalls coming forward on large sites of 10 or more units, an allowance is made for small sites. A significant number of windfalls on small sites are likely to come forward because:
- there are extensive urban areas undergoing regeneration and renewal;
  - it is not practical to identify all small sites that may become available for new housing; and
  - analysis of past trends demonstrates that a significant number of dwellings are built on small sites each year.
- 3.16 The HELAA (paragraph 3.60) concluded that there is no reason that the continuing supply of small sites would reduce based on sources of supply. This continues to reflect the position, as the factors identified in the HELAA remain the same and have recently been reviewed by the HELAA Working Group. Following an amendment to the NPPF in 2018, the figure now includes homes in gardens within the supply.
- 3.17 Based on the evidence in Table 1 below, we conclude that it is reasonable to make an allowance of 200 new homes per annum for delivery of homes on small sites; a total of 1,000 homes over the 5-year period. The HELAA Working Group have endorsed the approach to this figure. The allowance includes homes delivered on land classed as residential gardens. When completions were assessed in May 2020, fewer completions on small sites were recorded than in recent years. This may be due to a change in how sites were monitored because physical site visits were not possible in spring 2020 due to Covid-19. Council tax and waste refuse collection has been used as the only evidence for small site completions but past experience shows there tends to be a lag between physical completions and inclusion on Council databases. Trends for small site completions will continue to be monitored closely in the HELAA.

---

<sup>14</sup> National Planning Policy Framework, Annex 2: Glossary, revised February 2019  
<https://www.gov.uk/government/publications/national-planning-policy-framework--2>

**Table 1: Housing completions on small sites 2009/09 – 2019/20**

	2008/09	2009/10	2010/11	2011/12	2012/13	2013/14	2014/15	2015/16	2016/17	2017/18	2018/19	2019/20	Average
Completions on small sites including gardens	237	249	218	178	228	248	354	239	229	296	154	136	231

3.18 The assumed trajectory for delivery of small sites is shown in Table 2 below. This takes account of delivery of sites that already have planning permission, and the overall level of expected delivery based on evidence of past trends. It models an annual delivery rate that is based on that agreed with the HELAA Working Group and is evidenced by previous completions set out in Table 1 above. The split between delivery of small sites with planning permission and small site windfalls reflects our assumption that 70% of current permissions will be delivered but also that additional windfall sites will come forward.

**Table 2: Small sites trajectory 2020/21 – 2024/25**

	Small sites with planning permission at 31.3.20	Small site windfalls	Total
2020/21	200	0	200
2021/22	112	88	200
2022/23	112	88	200
2023/24	112	88	200
2024/25	112	88	200
<b>Total</b>	648	352	<b>1,000</b>

**Category B**

- 3.19 This category includes all large sites where we anticipate new homes will be developed within the next 5-year period, but that did not have full planning permission as at 1 April 2020.
- 3.20 We have calculated that sites with **outline planning permission** have capacity for 366 homes within the 5-year period. This is lower than in the previous report as some sites with outline permission subsequently had reserved matters permission granted. There are relatively few large sites with outline planning permission in Sheffield. Ten sites were considered for inclusion in this category, but we have concluded that there is only sufficient evidence to include 2 sites within the 5-year supply. This evidence takes the

form of written communication with the agent, landowner or developer regarding their intention to develop homes within the next 5 years, largely based on firm progress towards full planning permission.

- 3.21 One site with outline permission is a large scheme in Sheffield City Centre. The agent confirmed significant progress on this scheme in relation to funding and land ownership. The second is a site where reserved matters permission has been granted since the base date, having been submitted prior to the base date; justifying its inclusion in the 5-year supply on the basis of substantial progress towards a planning application, in addition to correspondence with the agent. However, that site only provides 20 homes within the 5-year period as it requires complex works before commencement. Appendix 2 provides additional detail on these sites, with signed pro forma documenting delivery timescales in Appendix 2A. The information is correct, based on communication and investigation up to October 2020, using the base date of 1 April 2020 as the start of the 5-year period.
- 3.22 The remaining large sites with outline planning permission are not included within the 5-year supply at this stage, as there is not sufficiently robust evidence to be sure that there is a realistic prospect of delivery within that timeframe. These are listed in Appendix 5.
- 3.23 **Housing site allocations** in Sheffield's Unitary Development Plan (UDP)<sup>15</sup>, adopted in 1998, do not currently provide capacity for any homes within the 5-year period. Relatively few of the allocations remain undeveloped; however there are six undeveloped greenfield sites in Council ownership which the Council has previously chosen not to release for development. Most of these sites are now progressing towards development through sale to a developer. One of the sites was included within the previous 5-year supply (S00737, Owlthorpe E), as it is expected to deliver family housing in a suburban location. However, it is currently subject to a planning appeal following refusal of a planning application and therefore we consider that there is not sufficient evidence of likely deliverability to include the site within the supply. The others are expected to come forward in the longer term.
- 3.24 Sites that are identified in the **Sheffield Brownfield Register (Part 1)**<sup>16</sup> provide capacity for 1,526 homes over the period 2020/21 to 2024/25. The Register includes a large number of sites that currently have no planning permission for housing. We investigated further to determine whether there is sufficient evidence to include any of these sites within the 5-year supply. Total supply within this category has increased since the previous Monitoring Report. Whilst three of the previous sites have since gained full planning permission and are now included within that category, several others have advanced sufficiently to be newly included within the current 5-year supply.
- 3.25 The 5-year supply includes 10 sites within the brownfield register category that form part of the business plan for the **Sheffield Housing Company**. These sites include homes that are programmed to be delivered by 31 March

<sup>15</sup> <https://www.sheffield.gov.uk/content/sheffield/home/planning-development/sheffield-plan.html>

<sup>16</sup> <https://www.sheffield.gov.uk/content/sheffield/home/planning-development/housing-land-sites.html>

2025. We have received written confirmation that the figures included within the 5-year supply are correct, based on the programme for achieving planning permission and implementing the schemes. Similarly, a further 7 sites are within the Council's **Stock Increase Programme**<sup>17</sup>. No privately owned sites currently fall within this category. Sites in the Brownfield Register contributing to the 5-year housing land supply are listed in Appendix 3.

- 3.26 The **Sheffield Housing Company (SHC)** is a joint venture housing and regeneration company with a partnership between Sheffield City Council, Keepmoat and Great Places. Land is provided by the Council, with development, sales and estate management provided by the development partners. Keepmoat's contractual position as developer on these sites ensures a greater level of certainty about speed and likelihood of delivery. There is already a track record of delivery since the inception of the SHC, with a number of sites now complete and others under construction. Some individual SHC sites are in receipt of Homes England funding to enable site development (listed in Appendix 3); this provides additional certainty that these sites are now able to come forward according to the agreed programme in order benefit from the funding already received. Acceptance of the funding from the Housing Infrastructure Fund provides evidence that barriers to delivery arising from viability concerns have been satisfactorily resolved.
- 3.27 Two of the SHC sites have only part of their capacity included within the 5-year supply (S01453 and S03202) as they are sites made up of more than one land parcel, of which the greenfield parts are not on the brownfield register and therefore unable to be represented in this category. The total capacity included within the 5-year supply on these two sites is 90, compared to total site capacity of 162. The signed pro forma for these sites refer to the site capacities in their entirety.
- 3.28 The Council's **Stock Increase Programme** is a programme that has been made possible by removal by Government in 2018 of the 'borrowing cap' on the Housing Revenue Account. Additional prudential borrowing enables the Council to increase affordable housing stock on the basis that the homes built will then provide enough revenue to be self-financed over a 30 year period. This borrowing will help deliver a greater range of homes to meet the shortfall of some types of homes that the Council has available for letting, including homes for older people and family housing. As all the homes on sites in this category on the Brownfield Register are to be delivered as affordable housing, there is a greater level of certainty over speed and likelihood of delivery as no additional time for sale of land to a builder or marketing is required.
- 3.29 Sheffield currently has no sites with **permission in principle** for housing. There are no sites on Part 2 of the Brownfield Register which may be used to grant Permission in Principle, and no applications have been submitted by landowners or developers for Permission in Principle through the application route.

---

<sup>17</sup> <http://democracy.sheffield.gov.uk/mglIssueHistoryHome.aspx?IId=28571&Opt=0>

**Build rates**

- 3.30 The 2020 HELAA set out the methodology for estimating build rates and lead times for developing large sites where the developer’s own estimates are not available. In presenting the assumed build out rates and lead in times for sites in the 5 year supply that are not already under construction, we have taken account of the developer’s estimates where available but considered those estimates in the context of the methodology. This may mean that in some cases our estimates are lower than that provided by the developer.
- 3.31 For reference, the build rate assumptions set out in the HELAA are shown in table 3 below. The build rate assumptions have recently been agreed with representatives of the house building industry through the HELAA Working Group. Recently, Sheffield has had relatively few large, primarily house-led development sites to use as a benchmark for delivery rates. Analysis of completions and sites under construction since 2015/16, where the site has delivered more than 20 houses, shows an average peak delivery of 37 homes per year; but this is within the context of a very wide range. We therefore consider that it remains appropriate to use the assumptions set out in the table below.

**Table 3: Build Rate Assumptions on Large Sites**

Type of site	Assumed Dwellings per year 2020/21 to 2024/25	Assumed Dwellings per year 2025/26 onwards
At least 90% houses, single builder	30	35
At least 90% houses, two or more builders	50	70
Houses and more than 10% flats, single builder	25	50
Houses and more than 10% flats, two or more builders	50	100
Apartment schemes	Whole blocks usually assumed to be completed in a single year	

**Estimated losses**

- 3.32 The Housing and Economic Land Availability Assessment (published September 2020)<sup>18</sup> includes the demolition and conversion figures for every year since 2004/05. From this we can make an estimate going forwards of 50

<sup>18</sup> <https://www.sheffield.gov.uk/content/dam/sheffield/docs/planning-and-development/draft-sheffield-plan/Sheffield%20Housing%20and%20Economic%20Land%20Availability%20Assessment%2020.pdf>

losses per year. The final phase of planned large-scale Council-led demolition was carried out at Arbourthorne in 2017/18. The replacement allowance for the next 5 years is therefore based on the recent trend of non-Council demolitions, and other losses through conversion and change of use. This will be monitored annually.

3.33 Table 3 below lists the total capacity within the 5-year period for each category described above. Large sites with full planning permission are further broken down into sites that are under construction, not started or where construction is suspended.

**Table 4: Estimated completions by category**

Category		5-year supply	
A	Large sites with <b>full</b> planning permission	9,489	
	Under construction		4,864
	Not started		4,168
	Construction suspended		457
	Small sites with planning permission & windfalls	1,000	
B	Large sites with <b>outline</b> planning permission	366	
	Development plan allocations	0	
	Sites with permission in principle	0	
	Sites identified on the brownfield register	1,526	
<b>Gross Supply</b>		<b>12,381</b>	
Minus estimated losses		250	
<b>Net Supply</b>		<b>12,131</b>	
<b>Net Requirement</b>		<b>11,188</b>	
5-year deliverable supply <sup>19</sup>		<b>5.4 years</b>	

**The 5-year deliverable supply is 5.4 years.**

**Trajectory**

3.34 The trajectory below highlights that the majority of delivery in the early part of the 5-year period is from housing developments that are already on site and therefore are highly likely to be completed. There is relatively less reliance on sites with outline permission. Sites on the Brownfield Register remain an important part of the supply.

<sup>19</sup> Calculated by dividing the net 5-year supply (12,131), by the net requirement of 11,188.

**Table 5: 5-year housing supply trajectory**

		2020/21	2021/22	2022/23	2023/24	2024/25	5-year supply
		1	2	3	4	5	
Large sites with full permission	<b>Total</b>	<b>2,015</b>	<b>2,496</b>	<b>1,503</b>	<b>1,533</b>	<b>1,942</b>	<b>9,489</b>
	<i>under construction</i>	1,960	1,944	632	155	173	4,864
	<i>not started</i>	55	552	871	921	1,769	4,168
	<i>construction suspended</i>	0	0	0	457	0	457
Small sites		200	200	200	200	200	<b>1,000</b>
Large sites with outline permission		0	0	0	356	10	<b>366</b>

## **4. Conclusion and Next Steps**

- 4.1 The Brownfield Register will be updated by the end of 2020 and a new Sheffield Housing and Economic Land Availability Assessment (HELAA) will be published alongside the Sheffield Local Plan Publication Draft document in autumn 2021. We will continue to monitor delivery of sites with planning permission and will continue to engage with developers and landowners who have gained, or are seeking to gain, planning permission.

## Appendix 1: Large sites with full planning permission

Site Ref	Address	Planning Status	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-year capacity	Commentary
S00006	Land And Buildings at Kelham Riverside, Alma Street And Green Lane	Under Construction	143	30	24	0	0	0	54	The site was under construction at the base date and is expected to complete within the 5-year period.
S00011	Milton Street Car Park Milton Street Sheffield S3 7UF	Full Permission but not started	372	0	0	0	0	372	372	Full permission granted in 2019, with an amended scheme granted after the base date in November 2020. No response from agent for this site, but no reason to assume that the site won't be delivered. Scheme is for apartment block which is assumed to be completed in a single year.
S00017	Land At Napier Street Site Of 1 Pomona Street And Summerfield St. Former Gordon Lamb	Under Construction	369	132	0	0	0	0	132	The site was under construction at the base date and is expected to complete within the 5-year period. Scheme is divided into two apartment blocks (private and student), one has been built, and the other is under construction and assumed to be completed in a single year.

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 1: Large sites with full planning permission

Site Ref	Address	Planning Status	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-year capacity	Commentary
S00023	Site of Richardsons Cutlery Works, 60 Russell Street, Cotton Street and Alma Street, Sheffield S3 8RW	Construction Suspended	114	0	0	0	114	0	114	Contact with the developer for this site confirms start on site expected early in 2021. A revised scheme (from the extant planning permission) was granted planning permission in June 2020 after the report base date, but the scheme was submitted in October 2019. Conditions applications continue to be submitted. Build rates reflect evidence from the developer. Scheme is for apartment block so completed in a single year.
S00040	Development at Bernard Works Site, Sylvester Gardens, Sheffield S1 4RP	Under Construction	96	0	96	0	0	0	96	The site was under construction at the base date and is expected to complete within the 5-year period. Delivery moved on 1 year as unable to make contact with the agent/developer.
S00093	Charter Works 20 Hodgson Street Sheffield S3 7WQ	Full Permission but not started	77	0	0	77	0	0	77	Full permission granted in December 2019. Unable to make contact with the new agent, but no reason to assume the site won't be delivered. Scheme is for apartment block which is assumed to be completed in a single year.
S00110	(Bamford Point) Land At Bamforth Street Junction Cuthbert Bank Road Sheffield S6 2HP	Under Construction	45	0	45	0	0	0	45	The site was under construction at the base date and is expected to complete within the 5-year period. Scheme is for apartment block which is assumed to be completed in a single year.

### Appendix 1: Large sites with full planning permission

Site Ref	Address	Planning Status	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-year capacity	Commentary
	Sheffield S10 3BQ									
S02180	Former Head Post Office Fitzalan Square Sheffield S1 1AB	Under Construction	42	0	0	42	0	0	42	The site was under construction at the base date and is expected to complete within the 5-year period. Planning permission from 2017 has been implemented for the education facilities, and planning permission granted in June 2020 for a slightly amended scheme. Although this was after the report base date, the application was submitted in March 2020, showing intent to complete. Conditions continue to be discharged. Scheme is for apartments assumed to be completed in a single year.
S02259	Spectrum Apartments (formally RJ Stokes), 20 Egerton Street, S1 4JX	Under Construction	42	42	0	0	0	0	42	Full planning permission granted July 2019 slightly amends the implemented scheme in order to improve viability with the objective of completing the scheme as soon as possible. Scheme is marketed on investors website. The site was under construction at the base date, and is expected to complete within the 5-year period. Scheme is for apartments assumed to be completed in a single year.

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 1: Large sites with full planning permission

Site Ref	Address	Planning Status	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-year capacity	Commentary
S02282	Site Of Sheffield Testing Laboratories Ltd And 58 Nursery Street And Car Park On Johnson Lane, Sheffield, S3 8GP	Full Permission but not started	268	0	0	90	90	88	268	Full permission granted in early 2019, some conditions have been discharged. Demolition needs to take place. Scheme divided into three apartment blocks, which are assumed to be completed in single years.
S02444	Former Oughtibridge Paper Mill, S35 0DN (Sheffield)	Full Permission but not started	13	0	13	0	0	0	13	Full permission granted December 2019 for a change of use. Conditions continue to be discharged and site is expected to complete within the 5-year period.
S02529	Former Cradock School Site, Sheffield S2 2JZ	Under Construction	96	30	23	0	0	0	53	The site was under construction at the base date and is expected to complete within the 5-year period.
S02599	'East Hill Gardens' (Former East Hill School) East Bank Road Sheffield S2 3PX	Under Construction	77	12	0	0	0	0	12	Contact with the developer for this site confirmed all remaining units are now on site, completion due September 2020.
S02610	Land At Junction With Finchwell Road Quarry Road Handsworth Sheffield S13 9AZ	Under Construction	18	18	0	0	0	0	18	The site was under construction at the base date and is expected to complete within the 5-year period.

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 1: Large sites with full planning permission

Site Ref	Address	Planning Status	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-year capacity	Commentary
S02648	Sheffield NHS Care Trust Brincliffe House 90 Osborne Road Sheffield S11 9BA	Under Construction	17	5	0	0	0	0	5	The site was under construction at the base date and is expected to complete within the 5-year period.
S02732	Land Adjacent 240 Springvale Road Sheffield S10 1LH	Full Permission but not started	10	0	10	0	0	0	10	Full permission granted for a new scheme in February 2020 just before the base date and therefore there is no reason to assume this site would not be delivered within the 5 year period.
S02745	Car Park, Eyre Lane, Sheffield S1 4RB (on Furnival Square roundabout)	Under Construction	139	139	0	0	0	0	139	The site was under construction at the base date and is expected to complete within the 5-year period.
S02857	The Market Inn 18 Wortley Road High Green Sheffield S35 4LU	Under Construction	19	2	0	0	0	0	2	The site was under construction at the base date and is expected to complete within the 5-year period.
S02858	Land At Main Road Ross Street And Whitwell Street Sheffield S9 4QL	Full Permission but not started	28	0	28	0	0	0	28	Demolition of buildings has already taken place in preparation for development to start. Development Management officer's discussions with the developer confirms that they intend to commence work soon. Conditions have all been discharged, but no further evidence from the agent that

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 1: Large sites with full planning permission

Site Ref	Address	Planning Status	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-year capacity	Commentary
										development has started. Delivery moved on 1 year.
S02859	Baldwins Omega Ltd Brincliffe Hill Sheffield S11 9DF	Full Permission but not started	52	0	0	0	35	17	52	Application to vary a condition granted in September 2020 after the report base date. Significant demolition required prior to development, and no update from agent so delivery moved on 1 year.
S02915	HSBC, 79 Hoyle Street, Sheffield, S3 7EW	Construction Suspended	343	0	0	0	343	0	343	Contact with the agent for this site confirms that a revised scheme changing the unit mix has made the scheme viable. The revised planning permission was granted in June 2020 after the report base date, but the scheme was submitted in February 2020 to the Council. A number of site surveys are complete, site is in single ownership (by the developer), and build rates reflect evidence from the agent. Estimate 3.5 years to discharge all conditions and includes 18 month lead in time. Scheme is for apartment block to be completed in a single year.

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 1: Large sites with full planning permission

Site Ref	Address	Planning Status	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-year capacity	Commentary
S03063	Land East Of Britannia Road And North Of High Hazels Park Infield Lane Sheffield S9 4PE	Under Construction	48	0	24	24	0	0	48	The site had resumed construction at the base date, but unable to make contact with the developer, so delivery moved on 1 year, but is expected to complete within the 5-year period. Scheme divided into apartment block, which is assumed to be completed in a single year, followed by the remaining houses.
S03161	Land At Doncaster Street, Hoyle Street, Shalesmoor And Matthew Street, Sheffield, S3 7BE	Full Permission but not started	500	0	0	0	0	222	222	Contact with the agent for the site confirms the developer intends to deliver the site but with a revised scheme, and funding is being finalised. The current planning permission is divided into four apartment blocks which are assumed to be completed in single years. There is still time left on the planning permission, but delivery has been moved one year to reflect the agents comments (222 of the 500 units) as this is more realistic.
S03193	Former Steins Tip, Station Road, Deepcar	Under Construction	413	0	10	40	40	40	130	This site was already under construction with infrastructure works taking place during summer 2019. The lead in times and build rates reflect advice from the developer for this site, and it is expected that completions will start within the 5-year period.

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 1: Large sites with full planning permission

Site Ref	Address	Planning Status	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-year capacity	Commentary
S03203	Fox Hill Place Sheffield S6 1GE	Under Construction	167	0	107	60	0	0	167	The site was under construction at the base date, and conditions discharged. Build figures reflect evidence from the developer. The site is expected to complete within the 5-year period.
S03206	Lytton' (Land Opposite 29 To 45 Lytton Rd) Sheffield S5 8AX	Full Permission but not started	44	5	35	4	0	0	44	Build rates reflect evidence from the developer, who confirmed start on site in October 2020 with completion expected May 2022.
S03210	Norfolk Park 5B, Park Spring Drive (site of former health centre), Frank Wright Close, Sheffield S2 3RE	Full Permission but not started	35	0	35	0	0	0	35	Site now has full planning permission granted February 2020. Build rates reflect evidence from the developer, who confirmed start on site in October 2020 with completion expected March 2022.
S03224	127 Ecclesall Road Sheffield S11 8HY	Under Construction	251	84	0	0	0	0	84	The site was under construction at the base date and is expected to complete within the 5-year period. The remaining units are for apartments and assumed to be completed in a single year.
S03278	Land Between Athol Road And Smithy Wood Road Athol Road Sheffield	Under Construction	13	13	0	0	0	0	13	The site was under construction at the base date and is expected to complete within the 5-year period.

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 1: Large sites with full planning permission

Site Ref	Address	Planning Status	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-year capacity	Commentary
S03352	Old County Court House, 56 Bank Street, Sheffield, S1 2DS	Under Construction	21	21	0	0	0	0	21	The site was under construction at the base date. Site advertised in June 2020 for sale with planning consent. No contact made with an agent, but still time left to implement the change of use planning permission. Site remains in the 5-year period.
S03358	130 - 142 Langsett Road Sheffield S6 2UB	Under Construction	14	14	0	0	0	0	14	The site was under construction at the base date and is expected to complete within the 5-year period.
S03383	40-50 Castle Square Sheffield S1 2GF	Full Permission but not started	22	0	0	22	0	0	22	Unable to make contact with agent and no evidence work has started on site. From the base date 12 months remains on the planning permission (this includes the Government extension until 1.5 2021 for permissions due to expire between March - December 2020) so site remains in the 5-year supply.
S03386	Site Of 82 - 84 Winter Street Sheffield S3 7ND	Under Construction	151	0	151	0	0	0	151	The site was under construction at the base date. Contact with the agent confirms that the scheme will be complete by the start of the 2021/22 academic year. Scheme is for apartment block which is assumed to be completed in a single year.

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 1: Large sites with full planning permission

Site Ref	Address	Planning Status	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-year capacity	Commentary
S03390	Clamark House 55 - 65 Stalker Lees Road Sheffield S11 8NP	Under Construction	13	5	8	0	0	0	13	The site was under construction at the base date and is expected to complete within the 5-year period. Build rates reflect the progress of the scheme when visited on site, which is for houses, followed by the apartment block.
S03394	North Church House 84 Queen Street City Centre Sheffield S1 2DW	Full Permission but not started	49	0	49	0	0	0	49	Planning permission for office to residential granted February 2020 just before the base date. Site linked to another planning application (awaiting decision) for roof extension for 11 more apartments. There is no reason to believe the scheme won't complete within the 5-year period. Scheme is for apartment block which is assumed to be completed in a single year.
S03457	Quicksilver 32 Castle Street Sheffield S3 8LT	Full Permission but not started	12	0	12	0	0	0	12	Conditions have been discharged and an application submitted to amend the layout and ensure deliverability has been granted. No evidence that the site will not come forwards.
S03462	14 - 18 West Bar Green Sheffield S1 2DA	Full Permission but not started	17	0	17	0	0	0	17	Conditions have now been discharged on this site - progress being made.

## Appendix 2: Large sites with outline planning permission

Site Ref	Address	Application No.	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-Year Capacity	Commentary
S00746	West Bar Square	16/02518/OUT	346	0	0	0	346	0	346	The outline permission assumes development of 346 homes and the delivery estimate reflects that information correct at the base date. However the pro forma indicates that this will be increased to 369 units delivered as two blocks over year 3 and 4 of the 5-year period. Urbo has commenced pre-application discussions with the Council. A funding agreement with Legal and General was nearing legal completion at the base date (subsequently agreed 27th April 2020). Subject to securing reserved matters approval for the first phase of the scheme, construction is targeted for commencement in 2022 with completion in 2024.

**5-YEAR HOUSING LAND SUPPLY MONITORING REPORT**

**Appendix 2: Large sites with outline planning permission**

Site Ref	Address	Application No.	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-Year Capacity	Commentary
S02510	Ouseburn Road, Darnall (referred to as the Darnall Triangle)	16/04500/OUT	98	0	0	0	10	10	20	A reserved matters application was made for this site in November 2018 (18/04350/REM) which has been granted since the base date (17/04/2020). The agent confirms that conditions applications will be submitted during 2020. Significant physical works are required before delivery of new homes can take place so only a small element of the site capacity is likely to be delivered within the 5-year period.

## Appendix 3: Sites on the Brownfield Register

Site Ref	Address	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-Year Capacity	Commentary
S00062	Hemsworth Primary School, Blackstock Road	80	0	0	0	80	0	80	The site is to be delivered through the Council's Stock Increase Programme; this enables direct delivery of new homes through the lifting of the Housing Revenue Account (HRA) borrowing cap. The site will be delivered as an Older Person's Independent Living (OPIL) Scheme with the planning application to be submitted autumn 2020. Construction is planned to start summer 2021 with a 19 month build programme. The properties will be for affordable housing and therefore no sales and marketing period is required.
S00672	Musgrave Road Housing Clearance Site (E3 and E4), (Shirecliffe 2)	42	0	0	42	0	0	42	Sheffield Housing Company confirmed significant progress with site assessment and viability work. Site in 5-year supply based on most recent Sheffield Housing Company business plan. A planning application is anticipated in 2021, with start on site expected

									and marketing period is required.
S01447	Claywood Tower Blocks	40	0	0	40	0	0	40	Sheffield Housing Company confirmed that the planning application is expected in Spring 2021, with the site coming forward in 2020/21. Site in 5-year supply based on most recent Sheffield Housing Company business plan.
S01450	Berners Place/ Berners Road	63	0	63	0	0	0	63	The site is to be delivered through the Council's Stock Increase Programme; this enables direct delivery of new homes through the lifting of the Housing Revenue Account (HRA) borrowing cap. A full planning application was submitted October 2019 (19/03816/RG3) for 45 houses and three apartment blocks including 18 apartments, which has subsequently been granted since the base date, in June 2020. The properties will be for general needs affordable housing and therefore no sales and marketing period is required. Start on site expected September 2020.

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 3: Sites on the Brownfield Register

Site Ref	Address	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-Year Capacity	Commentary
S01451	Algar Place/Algar Road	121	0	0	0	81	40	121	The site is to be delivered through the Council's Stock Increase Programme; this enables direct delivery of new homes through the lifting of the Housing Revenue Account (HRA) borrowing cap. A planning application is expected January 2022, with start on site summer 2022 and completion in 2024/25.
S01453	Mansell Crescent / Mansell Road	58	0	0	28	30	0	58	Sheffield Housing Company confirmed that the planning application is expected in late 2020 following pre-application enquiries. Site in 5-year supply based on most recent Sheffield Housing Company business plan with start on site anticipated spring 2022.

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 3: Sites on the Brownfield Register

Site Ref	Address	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-Year Capacity	Commentary
S01467	Site Of Properties At Scowerdons Drive, Silkstone Road, Spa Brook Drive, Wickfield Close (Scowerdons Phases 1b, 1c,2, 4,5, 6)	268	0	0	67	167	34	268	The site is to be delivered through the Council's Stock Increase Programme; this enables direct delivery of new homes through the lifting of the Housing Revenue Account (HRA) borrowing cap. A full planning application is anticipated in June 2021, with start on site April 2022. The SIP programme estimates delivery of this site by the end of March 2054, which is significantly faster than the HELAA build rate assumption. However as the properties will be for general needs affordable housing and therefore no sales and marketing period is required, delivery will be faster than the standard assumption.
S03183	The Circle / Fretson Road	210	0	36	48	48	48	180	Cabinet Member Decision (dated 04/07/2019) confirms receipt of Homes England funding to enable site development. 									(20/00013/FUL) which has subsequently been approved (after the 1. April 2020 base date). Work will start on site in 2021.
S03202	Deerlands Avenue	32	0	0	10	17	5	32	Sheffield Housing Company confirmed site surveys carried out – significant progress with site assessment and viability work. Site in 5-year supply based on most recent Sheffield Housing Company business plan. A planning application is expected in 2021, with start on site in 2022. Much of this site is greenfield and is therefore not included within the brownfield register category of the 5-year deliverable supply currently.

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 3: Sites on the Brownfield Register

Site Ref	Address	Total Capacity	Year 1	Year 2	Year 3	Year 4	Year 5	5-Year Capacity	Commentary
S03214	Newstead Estate, Birley	213	0	0	0	40	173	213	The site is to be delivered through the Council's Stock Increase Programme; this enables direct delivery of new homes through the lifting of the Housing Revenue Account (HRA) borrowing cap. The site will be delivered as a single block of apartments for affordable Older People's Independent Living (OPIL) and also general needs affordable homes. The SIP programme estimates delivery of this site by the end of March 2025, which is allows for the fact that completion of the OPIL block will take place in a single year. In addition, the properties will be for general needs affordable housing and therefore no sales and marketing period is required. The planning application for the OPIL scheme is expected in April 2021, and for the general needs housing in February 2021. Both elements of the site will start on site in 2022.

### Appendix 4: Category A sites excluded from the 5-year supply

Site Ref	Address	Planning Status at 1 April 2020	Total Capacity	Commentary
S00050	Former British Glass Labs, Crookesmoor	Construction Suspended	76	Planning permission from 2005 has been implemented, but very minimal progress on site (except vegetation clearance). Status remains as construction suspended, and delivery assumed outside of 5 year period.
S00108	Site of Vernons the Bakers and Bankside Works, Archer Road, Sheffield S8 0JT	Construction Suspended	33	Construction started on site in 2009. Agent confirmed that site is very unlikely to be developed, and there has been no building activity on site. Delivery moved outside of 5 year period.
S00202	Scarsdale House, 136 Derbyshire Lane, Woodseats	Construction Suspended	22	Construction started in 2013, no further progress on site. Agent confirmed scheme will not be pursued. Delivery assumed outside of 5 year period.
S00215	Land adjoining 434-652 Grimsthorpe Road	Construction Suspended	33	Construction started in 2013, unable to make any contact with developer or agent, and no evidence of further work on site. Delivery assumed outside of 5 year period.
S02100	Twigg Bros 51 Toyne Street	Construction Suspended	12	Construction has started on site for 3 units in 2016 to 2017. Agent confirmed construction will be phased to fund the next stage of building. No further update from agent and no evidence of buildings on site. Delivery assumed outside of 5 year period.

**5-YEAR HOUSING LAND SUPPLY MONITORING REPORT**  
**Appendix 4: Category A sites excluded from the 5-year supply**

Site Ref	Address	Planning Status at 1 April 2020	Total Capacity	Commentary
S02156	Site of 1-7 Allen Street, 7, 9, 11, 13 and 15 Smithfield and Snow Lane, Sheffield	Construction Suspended	36	Planning permission from 2013 has been implemented, but very minimal progress of site. Status remains as construction suspended, and delivery assumed outside of 5 year period.
S02299	Globe II Business Centre 128 Maltravers Road Sheffield S2 5AZ	Full Permission but not started	371	Developer confirmed no intention to develop the site. Delivery outside of 5 year period.
S02639	162-170 Devonshire Street Sheffield S3 7SG	Construction Suspended	12	Application for offices awaiting determination. Developer confirmed site not viable in current form.
S02641	Site Of 252 Deer Park Road Sheffield S6 5NH	Full Permission but not started	14	Agent confirmed there is no intention to develop the site, and the site maybe sold instead. Delivery assumed outside of 5 year period.
S02733	Bowlan The Old Chapel Studio 301 Holywell Road Sheffield S9 1BE	Construction Suspended	12	Available data on delivery unclear. No evidence of delivery restarting.
S03362	245 Ecclesall Road Sheffield S11 8JE	Construction Suspended	184	New planning application to phase the site granted since 1. April 2020. Phase 1 demolition and phase 2 erection of mixed use development. At the base date most recent dialogue with the agent highlighted potential viability issues so site remains outside the 5 year supply.
S03411	UFI Limited 1 Young Street Sheffield S1 4UP	Full Permission but not started	44	Remains in use as offices with only a short time until expiry. Note expiry date of 10.04.20 will be automatically extended to 01.05.21.
S03506	Stepney Street Car Park Stepney Street Sheffield S2 5TD	Full Permission but not started	62	No response from agent. This scheme unlikely to be implemented as revised scheme submitted by new developer March 2020.

**5-YEAR HOUSING LAND SUPPLY MONITORING REPORT**  
**Appendix 4: Category A sites excluded from the 5-year supply**

Site Ref	Address	Planning Status at 1 April 2020	Total Capacity	Commentary
S03515	Hillsborough Hand Car Wash Centre 172 - 192 Langsett Road Sheffield S6 2UB	Full Permission but not started	48	Still in use as an operational car wash with only a short period remaining on the permission. Note expiry date of 08.09.20 will be automatically extended to 01.05.21.
S03578	2 Lock Street, Sheffield S6 3BJ	Full Permission but not started	61	Evidence from agent that site is currently not viable and does not intend to deliver within the next 5 years.
S03680	Abbeydale Tennis Club Abbeydale Road South Sheffield S17 3LJ	Full Permission but not started	14	Evidence from agent that site is currently not viable and does not intend to deliver within the next 5 years.
S03784	Sheffield Dragons College Of Martial Arts 36 - 38 Market Square Sheffield S13 7JX	Full Permission but not started	27	Contact with the agent found that there is no timetable yet for development.
S03851	Nambury Engineering Ltd 56 Penistone Road Owlerton Sheffield S6 3AE	Full Permission but not started	222	Evidence from agent that the start date for commencement is unknown and unlikely to be in the near future (no date provided). Demolition work has not started and no pre-commencement conditions have been submitted.
S03852	Lion Works Handley Street Sheffield S4 7LD	Full Permission but not started	88	Evidence from agent that the site is on hold. No progress of works on site and no pre-commencement conditions have been submitted.

### Appendix 5: Sites with outline permission not in the 5-year supply

Site Ref	Address	Application No.	Date Granted	Total Capacity	Commentary
S01694	Land At The Junction Of Abbeyfield Road And Holtwood Road Including 11 Holtwood Road Sheffield S4 7AY	19/00464/OUT	23/05/2019	20	Insufficient evidence of deliverability; no response from the developer, and the agent's contact has left the organisation.
S02056	Land Adjacent 101 Ferrars Road, Sheffield, S9 1RZ	18/03367/OUT	11/04/2019	91	Insufficient evidence of deliverability. No response has been received from the agent / owner of the site. Note that reserved matters permission has since been granted on the site (20/01820/REM) in October 2020.
S03474	49 Pot House Lane Sheffield S36 1ES	17/01543/OUT	14/07/2017	14	There has been no response from the developer in relation to our evidence gathering exercise, however we note that there is a reserved matters application pending on this site (19/04594/REM).

## 5-YEAR HOUSING LAND SUPPLY MONITORING REPORT

### Appendix 5: Sites with outline permission not in the 5-year supply

Site Ref	Address	Application No.	Date Granted	Total Capacity	Commentary
S03593	B Braun, 43 Allen Street, Sheffield S3 7AW	18/00471/OUT	31/05/2018	41	Insufficient evidence of deliverability; no response to our enquiries about timescales for delivery or reserved matters application on this site.
S03651	Koh-I-Noor 386 Handsworth Road Sheffield S13 9BY	17/03290/OUT	21/03/2018	12	Insufficient evidence of deliverability; no response from the developer or agent in relation to enquiries about delivery timescale.
S03886	Site Of Kirkhill Resource Centre, 127 Lowedges Road, Sheffield, S8 7LE	18/04456/OUT	11/02/2019	45	The agent advised that this scheme is unlikely to come forward for development.
S03952	Site Of The Cherry Tree Social Club, 40 Main Street, Hackenthorpe, Sheffield, S12 4LB	19/01000/OUT	20/08/2019	28	The agent advised that the applicant is awaiting approval for issues relating to the scheme before progressing with a reserved matters application. There is therefore insufficient evidence of deliverability to include the site within the 5 year supply.

**5-YEAR HOUSING LAND SUPPLY MONITORING REPORT****Appendix 5: Sites with outline permission not in the 5-year supply**

<b>Site Ref</b>	<b>Address</b>	<b>Application No.</b>	<b>Date Granted</b>	<b>Total Capacity</b>	<b>Commentary</b>
S04208	363 Richmond Road Sheffield S13 8LT	18/04547/OUT	18/03/2020	14	Agent advised that the owner is in the process of selling the site and no information has been provided about development progression. Insufficient evidence of deliverability.

## **Appendix 2A: Large sites with outline permission – Pro forma**

**Category (b) deliverable sites: sites with outline planning permission**

Site Reference	S00746
Planning Application Reference	16/02518/OUT
Address	West Bar Square
Date of permission	16/02/2017
Applicant	Urbo (West Bar) Limited
Developer / Agent details (if applicable)	Alice Henderson Avison Young Norfolk House 7, Norfolk Street Manchester M2 1DW <a href="mailto:Alice.henderson@avisonyoung.com">Alice.henderson@avisonyoung.com</a> 0161 956 4018
Planning application progress	<i>Which relevant assessments have been undertaken as required by conditions attached to the outline permission?</i>
	<i>Which relevant assessments are still ongoing / not yet commissioned?</i>
	<i>When are applications for reserved matters anticipated to be submitted?</i>  Urbo has commenced pre-application discussions with SCC.  A £150M funding agreement was entered into on 27th April 2020 between Urbo, SCC and investors, Legal and General which included the delivery of buildings 1a/1b which will comprise 369 apartment units, split between 2 buildings.  It is anticipated that a reserved matters planning application for Buildings 1a/1b will be submitted in December 2020.
	<i>What is the anticipated timescale for discharge of conditions application(s) thereafter?</i>
	<i>Any other relevant information?</i>
Site assessment progress	<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i> landscape impact assessment undertaken;

	<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i>
	<i>If so, how will these barriers be resolved?</i>
	<i>What are the timescales for resolving these barriers?</i>
	<i>Any other relevant information?</i>
<b>Ownership information</b>	<i>Is the site still available?</i>
	<i>Is the site in single ownership or are there land assembly complications?</i>
	Since the outline planning permission was granted, Urbo has secured the entirety of the West Bar Square site through extensive dialogue and negotiations with landowners and a Compulsory Purchase Order (CPO) for the wider masterplan area which was completed in the summer of 2019.
	<i>Does the developer own the site?</i>
	<i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i>
	<i>If so, how and when are these issues likely to be resolved?</i>
	<i>Any other relevant information?</i>
<b>Infrastructure considerations</b>	<i>Are there any infrastructure constraints that might delay the site coming forward?</i>
	<i>If so, what steps have been taken to resolve these infrastructure constraints?</i>
	<i>What is the likely timescale for resolving any infrastructure constraints?</i>

	<i>Are there any highway works that need to be carried out prior to commencement or occupation?</i>
	<i>Any other relevant information?</i>
<b>Market considerations</b>	<i>Are there any relevant consideration relating to the housing market that might impact delivery?</i>
	<i>Is there any firm commitment from a developer / housebuilder to bring the site forward?</i>
	<i>If not, has the site been actively marketed and has there been any market interest?</i>
	<i>Is there any relevant market information justifying delivery assumptions?</i>
<b>Viability considerations</b>	<i>Are there any viability issues with bringing the site forward in accordance with the planning permission granted and associates conditions/ S106 obligations?</i>
<b>Any other relevant information</b>	<i>Are there any other barriers delaying or preventing development from coming forward?</i>
<b>Lead in time in years (from 1.4.19)</b>	<p><i>Include anticipated start date and any evidence to justify that.</i></p> <p>Subject to securing reserved matters approval in March 2021, construction is targeted for commencement in Q1 2022 with completion in 2024, which will deliver 369 units.</p>
<b>Build rate per annum</b>	
<b>Any assumptions made in relation to the build rate</b>	<i>How many outlets are anticipated? Any additional market information or comparators that justify these assumptions?</i>
<b>Total units</b>	<b>369</b>
Year 1 (2020/21)	0
Year 2 (2021/22)	0
Year 3 (2022/23)	184
Year 4 (2023/24)	185
Year 5 (2024/25)	0

Total 5 year supply	369

**D Category (b) deliverable sites: sites with outline planning permission**

Site Reference	S02510
Planning Application Reference	16/04500/OUT
Address	Ouseburn Road, Darnall (referred to as the Darnall Triangle)
Date of permission	06/12/2017
Applicant	Ouseburn Triangle Ltd
Developer / Agent details (if applicable)	<i>Please also note if you no longer have an interest in this site, please provide any details of alternative contacts.</i> Agent – Charles Dunn, Urbana Town Planning, Charles.dunn@urbanatownplanning.co.uk, 01142991555
Planning application progress	<i>Which relevant assessments have been undertaken as required by conditions attached to the outline permission?</i> RM approved. All conditions necessary for site preparation to begin are submitted. Most SI and associated geological work has already been completed.
	<i>Which relevant assessments are still ongoing / not yet commissioned?</i> Final remediation yet to be commenced, pending.
	<i>When are applications for reserved matters anticipated to be submitted?</i>  Reserved matters application submitted (18/04350/REM) 16/11/2018. Granted 17/04/2020
	<i>What is the anticipated timescale for discharge of conditions application(s) thereafter?</i> 2020
	<i>Any other relevant information?</i> -
Site assessment progress	<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i> landscape impact assessment undertaken; FRA, ecology + follow up surveys; SI; CMRA, etc.
	<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i> Only the time required in order to deal with the necessary licencing/permits for infilling, and subsequently undertaking those physical works.
	<i>If so, how will these barriers be resolved?</i>

	-
	<p><i>What are the timescales for resolving these barriers?</i>  <b>Approx. 2 years</b></p>
	<p><i>Any other relevant information?</i>  -</p>
Ownership information	<p><i>Is the site still available?</i>  <b>Yes</b></p>
	<p><i>Is the site in single ownership or are there land assembly complications?</i>  <b>Single ownership</b></p>
	<p><i>Does the developer own the site?</i>  <b>Not yet but potential housebuilder purchasers have expressed interest.</b></p>
	<p><i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i>  <b>No</b></p>
	<p><i>If so, how and when are these issues likely to be resolved?</i></p>
	<p><i>Any other relevant information?</i>  <b>Sale to housebuilder and development to follow [infilling of cutting]. First delivery maybe 2023/24.</b></p>
Infrastructure considerations	<p><i>Are there any infrastructure constraints that might delay the site coming forward?</i>  -</p>
	<p><i>If so, what steps have been taken to resolve these infrastructure constraints?</i>  <b>Likely to start infilling of former railway cutting next year, timescales likely 2+ years in line with Environment Agency restrictions.</b></p>
	<p><i>What is the likely timescale for resolving any infrastructure constraints?</i>  -</p>
	<p><i>Are there any highway works that need to be carried out prior to commencement or occupation?</i>  <b>Yes but not of undue significance or cost</b></p>
	<p><i>Any other relevant information?</i>  -</p>

Market considerations	<i>Are there any relevant consideration relating to the housing market that might impact delivery?</i> The site is no more sensitive to the market than any other housing site
	<i>Is there any firm commitment from a developer / housebuilder to bring the site forward?</i> no
	<i>If not, has the site been actively marketed and has there been any market interest?</i> Some soft marketing has taken place, with quite strong interest
	<i>Is there any relevant market information justifying delivery assumptions?</i> No
Viability considerations	<i>Are there any viability issues with bringing the site forward in accordance with the planning permission granted and associates conditions/ S106 obligations?</i> No
Any other relevant information	<i>Are there any other barriers delaying or preventing development from coming forward?</i> No
Lead in time in years (from 1.4.20)	<i>Include anticipated start date and any evidence to justify that.</i> 3 years
Build rate per annum	
Any assumptions made in relation to the build rate	<i>How many outlets are anticipated? Any additional market information or comparators that justify these assumptions?</i>
Total units	98

## **Appendix 3A Sites on the Brownfield Register – Pro forma**

**Category (b) deliverable sites: UDP site allocations / sites on the brownfield register**

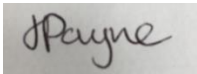

Site Reference	S00062
Address	Hemsworth Primary School, Blackstock Road
Ownership information	<i>Is the site still available?</i> Yes
	<i>Is the site in single ownership or are there land assembly complications?</i> Site in single ownership – Sheffield City Council.
	<i>Does the developer own the site?</i> Yes – Sheffield City Council to deliver the site directly.
	<i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i> No
	<i>If so, how and when are these issues likely to be resolved?</i> N/A
	<i>Any other relevant information?</i> No
Planning application progress	<i>Have any pre-application enquiries been made?</i> No
	<i>What is the status/anticipated decision date of any pre-application enquiry?</i> N/A
	<i>When is an application for planning permission anticipated to be submitted?</i> Aim to submit Full Planning application in October 2020
	<i>Any other relevant information?</i> Planning application to be in line with the IPAN for the site and taking account of the requirements for formal and informal open space in the locality.
Site assessment progress	<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i>  Cleared ex-school site. Phase 1 Geotech, Desktop Archaeological and UXO surveys carried out in 2019. Flood risk assessment, SUDS assessment and drainage strategy to be carried out in summer 2020 in preparation for Planning submission
	<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i>

	<p>None known at this time</p> <p><i>If so, how will these barriers be resolved?</i></p> <p>N/A</p> <p><i>What are the timescales for resolving these barriers?</i></p> <p>N/A</p> <p><i>Any other relevant information?</i></p> <p>N/A</p>
Infrastructure considerations	<p><i>Are there any infrastructure constraints that might delay the site coming forward?</i></p> <p>None known at this time</p> <p><i>If so, what steps have been taken to resolve these infrastructure constraints?</i></p> <p>N/A</p> <p><i>What is the likely timescale for resolving any infrastructure constraints?</i></p> <p>October 2020</p> <p><i>Are there any highway works that need to be carried out prior to commencement or occupation?</i></p> <p>To be determined at site masterplanning stage</p> <p><i>Is there any funding available which might assist to overcome any potential infrastructure issues?</i></p> <p>Not currently known</p> <p><i>Any other relevant information?</i></p> <p>N/A</p>
Viability considerations	<p><i>Are there any viability issues with bringing the site forward? e.g. any relevant considerations relating to market area or site specific matters</i></p> <p>No</p> <p><i>How will any viability issues be resolved?</i></p> <p>N/A</p> <p><i>How will any funding shortfalls be met?</i></p> <p>N/A</p>
Funding	<p><i>Is funding required to bring the site forward?</i></p> <p>Delivery to be funded through the Council's Stock Increase Programme as an Older Person's Independent Living Scheme.</p> <p><i>Are funding arrangements secured?</i></p> <p>The current HRA Business Plan update includes anticipated funding requirements for this site. This is currently in consultation. This is a mixture of HRA borrowing and 1-4-1 Receipt spend. If Homes England funding is available, this will be accessed. The project</p>

	<p>will go through individual capital approvals backed up by the HRA Business Plan and the Cabinet approval of the Stock Increase Programme.</p> <p><i>How is that funding anticipated to be used and how will those arrangements contribute towards delivery?</i></p> <p>Funding identified to be used for the whole project.</p> <p><i>If not, what prospect is there of securing funding and what are the details and timescales for this?</i></p> <p>N/A</p>
Marketing	<p><i>Has the site been actively marketed?</i></p> <p>N/a site to be directly developed by Sheffield City Council.</p> <p><i>What (if any) marketing activities have been undertaken to date?</i></p> <p>N/A</p> <p><i>When was that marketing carried out?</i></p> <p>N/A</p> <p><i>When might the site come forward?</i></p> <p>N/A</p> <p><i>Is a developer or site promotor involved? Has there been any market interest?</i></p> <p>N/A</p> <p><i>Can you provide any relevant market information to justify delivery assumptions?</i></p> <p>N/A</p>
Other	<p><i>Are there any other barriers delaying or preventing development from coming forward on this site?</i></p> <p>Not known at this stage</p>
UDP Allocations	<p><i>Please explain why the site is now coming forward?</i></p> <p>N/A</p>
Brownfield Register	<p><i>Please explain why the site is now coming forward?</i></p> <p>Development of this site contributes towards the Individual Cabinet Member decision made in October 2019 to increase the Council's Stock Increase Programme target to 3,100. This has been developed in part, to take advantage of lifted restrictions on borrowing against the Housing Revenue Account.</p>
Lead in time (from 1.4.20)	<p><i>Please provide any evidence / justification for the lead in time indicated.</i></p> <p>Start on site expected August 2021</p>
Build rate per annum	<p>One scheme to be delivered in total – build out rate is not applicable in this situation.</p>
Any assumptions made in relation to the build rate	<p><i>How many outlets are anticipated? Any additional market information or comparators that justify these</i></p>

	<i>assumptions?</i> A contract to deliver the units will not stipulate delivery or phased based targets in year, so at this stage it is difficult to estimate year on year delivery. Once started on site, a build out rate can be determined.
Total units	81
Year 1 (2020/21)	0
Year 2 (2021/22)	0
Year 3 (2022/23)	81
Year 4 (2023/24)	0
Year 5 (2024/25)	0
Total 5 year supply	81

**Category (b) deliverable sites: UDP site allocations / sites on the brownfield register**

Site Reference	S00672
Address	Musgrave Road Housing Clearance Site (E3 and E4), (Shirecliffe 2)
Ownership information	<i>Is the site still available?</i> Yes
	<i>Is the site in single ownership or are there land assembly complications?</i> Site in single ownership – Sheffield City Council.
	<i>Does the developer own the site?</i> No – site belongs to Sheffield City Council, but forms part of a partnership agreement with Sheffield Housing Company and will be drawn down by SHC for delivery phase once all permissions and funding are in place.
	<i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i> None known of.
	<i>If so, how and when are these issues likely to be resolved?</i> N/A
	<i>Any other relevant information?</i> No
Planning application progress	<i>Have any pre-application enquiries been made?</i> Future phase of delivery. Previously obtained planning permission but expired – ref 15/01176/FUL.
	<i>What is the status/anticipated decision date of any pre-application enquiry?</i> N/A
	<i>When is an application for planning permission anticipated to be submitted?</i> 2021
	<i>Any other relevant information?</i> N/A
Site assessment progress	<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i> A range of surveys have been carried out, including topographical, ecological, trees, site investigations.
	<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i> Topography and ground conditions given that this is a brownfield former housing site. These are not

	<p>delaying progress but are being considered as part of the design, engineering and pre-app stage.</p> <p><i>If so, how will these barriers be resolved?</i></p> <p>As above</p> <p><i>What are the timescales for resolving these barriers?</i></p> <p>Ongoing.</p> <p><i>Any other relevant information?</i></p> <p>N/A</p>
Infrastructure considerations	<p><i>Are there any infrastructure constraints that might delay the site coming forward?</i></p> <p>Made ground following demolition of former structures on site to be managed.</p> <p><i>If so, what steps have been taken to resolve these infrastructure constraints?</i></p> <p>Planning layout seeks to minimise conflicts, engineering design will mitigate remaining issues.</p> <p><i>What is the likely timescale for resolving any infrastructure constraints?</i></p> <p>As part of ongoing design refinement during planning process.</p> <p><i>Are there any highway works that need to be carried out prior to commencement or occupation?</i></p> <p>Insufficient information at the moment.</p> <p><i>Is there any funding available which might assist to overcome any potential infrastructure issues?</i></p> <p>Not currently known – continuously exploring options with external funders.</p> <p><i>Any other relevant information?</i></p> <p>N/A</p>
Viability considerations	<p><i>Are there any viability issues with bringing the site forward? e.g. any relevant considerations relating to market area or site specific matters</i></p> <p>Site is in former Housing Market Renewal area, however recent development by SHC in the neighbourhood is already improving market conditions.</p> <p><i>How will any viability issues be resolved?</i></p> <p>Scheme will be part of a comprehensive review and options appraisal to consider ways in which the existing viability gap can be reduced or removed – may include house type design, mix, tenure. Further to this, SHC is in ongoing dialogue with Homes England and Sheffield City Region who are interested</p>

	<p>and actively supportive of the SHC forward programme.</p> <p><i>How will any funding shortfalls be met?</i></p> <p>See above. Scheme will only be started once a fully viable and robust funding package has been agreed by all partners.</p>
Funding	<p><i>Is funding required to bring the site forward?</i></p> <p>Yes.</p>
	<p><i>Are funding arrangements secured?</i></p> <p>No.</p>
	<p><i>How is that funding anticipated to be used and how will those arrangements contribute towards delivery?</i></p> <p>To address infrastructure requirements of the site.</p>
	<p><i>If not, what prospect is there of securing funding and what are the details and timescales for this?</i></p> <p>Positive discussions given supportive relationship with funders. Likely to target future years' funding programmes.</p>
Marketing	<p><i>Has the site been actively marketed?</i></p> <p>No.</p>
	<p><i>What (if any) marketing activities have been undertaken to date?</i></p> <p>N/A</p>
	<p><i>When was that marketing carried out?</i></p> <p>N/A</p>
	<p><i>When might the site come forward?</i></p> <p>Late 2021.</p>
	<p><i>Is a developer or site promotor involved?</i> <i>Has there been any market interest?</i></p> <p>Keepmoat as SHC development partner</p>
	<p><i>Can you provide any relevant market information to justify delivery assumptions?</i></p> <p>N/A</p>
	<p><i>Are there any other barriers delaying or preventing development from coming forward on this site?</i></p>
UDP Allocations	<p><i>Please explain why the site is now coming forward?</i></p> <p>N/A</p>
Brownfield Register	<p><i>Please explain why the site is now coming forward?</i></p>

	Part of SHC delivery programme to accelerate housing delivery in the city – included within phase 5b.
Lead in time (from 1.4.20)	<i>Please provide any evidence / justification for the lead in time indicated.</i>  Start on site expected 2021
Build rate per annum	42
Any assumptions made in relation to the build rate	<i>How many outlets are anticipated? Any additional market information or comparators that justify these assumptions?</i> Based on comparators from previous SHC sites delivered.

**Category (b) deliverable sites: UDP site allocations / sites on the brownfield register**

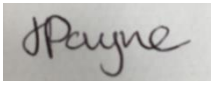

Site Reference	S00700	
Address	Harborough Ave/ Vikinglea Drive Manor (Manor 14)	
Ownership information	<i>Is the site still available?</i> Yes	
	<i>Is the site in single ownership or are there land assembly complications?</i>  Site in single ownership – Sheffield City Council.	
	<i>Does the developer own the site?</i>  Yes – Sheffield City Council to deliver the site directly.	
	<i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i>  No	
	<i>If so, how and when are these issues likely to be resolved?</i>  N/A	
	<i>Any other relevant information?</i>  No	
	Planning application progress	<i>Have any pre-application enquiries been made?</i>  No
		<i>What is the status/anticipated decision date of any pre-application enquiry?</i>  N/A
<i>When is an application for planning permission anticipated to be submitted?</i>  Aim to submit Full Planning Application in April 2022		
<i>Any other relevant information?</i>  No		
Site assessment progress		<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i>  Cleared ex-housing site. Phase 1 Geotech, Desktop Archaeological and UXO surveys carried out in 2019. Flood risk assessment, SUDS assessment and drainage strategy to be carried out in 2021 in preparation for Planning submission
		<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i>  No
	<i>If so, how will these barriers be resolved?</i>  N/A	
	<i>What are the timescales for resolving these barriers?</i>	

	N/A
	<i>Any other relevant information?</i>
	No
Infrastructure considerations	<i>Are there any infrastructure constraints that might delay the site coming forward?</i>
	None known at this time
	<i>If so, what steps have been taken to resolve these infrastructure constraints?</i>
	N/A
	<i>What is the likely timescale for resolving any infrastructure constraints?</i>
	N/A
	<i>Are there any highway works that need to be carried out prior to commencement or occupation?</i>
	To be determined at site masterplanning stage
	<i>Is there any funding available which might assist to overcome any potential infrastructure issues?</i>
	N/A
	<i>Any other relevant information?</i>
	N/A
Viability considerations	<i>Are there any viability issues with bringing the site forward? e.g. any relevant considerations relating to market area or site specific matters</i>
	No
	<i>How will any viability issues be resolved?</i>
	N/A
	<i>How will any funding shortfalls be met?</i>
	N/A
Funding	<i>Is funding required to bring the site forward?</i>
	Delivery to be funded through the Council's Stock Increase Programme through a mixture of HRA borrowing and capital resources. Grant funding may be pursued if required.
	<i>Are funding arrangements secured?</i> The 2019/20 HRA Business Plan update includes anticipated funding requirements for this site and a detailed breakdown is set out in the Final Business Case for the project. Funding is a mixture of HRA borrowing, NHS funding and 1-4-1 Receipt spend. The project has been through individual capital approvals backed up by the HRA Business Plan and the Cabinet approval of the Stock Increase Programme.
	<i>How is that funding anticipated to be used and how will those arrangements contribute towards delivery?</i>

	<p>Funding identified to be used for the whole project.</p> <p><i>If not, what prospect is there of securing funding and what are the details and timescales for this?</i></p> <p>N/A</p>
Marketing	<p><i>Has the site been actively marketed?</i></p> <p>N/A site to be directly developed by Sheffield City Council.</p> <p><i>What (if any) marketing activities have been undertaken to date?</i></p> <p>N/A</p> <p><i>When was that marketing carried out?</i></p> <p>N/A</p> <p><i>When might the site come forward?</i></p> <p>N/A</p> <p><i>Is a developer or site promotor involved? Has there been any market interest?</i></p> <p>N/A</p> <p><i>Can you provide any relevant market information to justify delivery assumptions?</i></p> <p>N/A</p>
Other	<p><i>Are there any other barriers delaying or preventing development from coming forward on this site?</i></p> <p>Not known at this stage</p>
UDP Allocations	<p><i>Please explain why the site is now coming forward?</i></p>
Brownfield Register	<p><i>Please explain why the site is now coming forward?</i></p> <p>Development of this site contributes towards the Individual Cabinet Member decision made in October 2019 to increase the Council's Stock Increase Programme target to 3,100. This has been developed in part, to take advantage of lifted restrictions on borrowing against the Housing Revenue Account.</p>
Lead in time (from 1.4.20)	<p><i>Please provide any evidence / justification for the lead in time indicated.</i></p> <p>Start on site expected October 2022</p>
Build rate per annum	<p>Scheme will all be completed in a single year.</p>
Any assumptions made in relation to the build rate	<p><i>How many outlets are anticipated? Any additional market information or comparators that justify these assumptions?</i></p> <p>A contract to deliver the units will not stipulate delivery or phased based targets in year, so at this stage it is</p>

	difficult to estimate year on year delivery. Once started on site, a build out rate can be determined.

**Category (b) deliverable sites: UDP site allocations / sites on the brownfield register**

Site Reference	S00707
Address	Wulfric Road/ Windy House Road (Manor 5 & 9)
Ownership information	<i>Is the site still available?</i> Yes
	<i>Is the site in single ownership or are there land assembly complications?</i> Site in single ownership – Sheffield City Council.
	<i>Does the developer own the site?</i> No – site belongs to Sheffield City Council, but forms part of a partnership agreement with Sheffield Housing Company and will be drawn down by SHC for delivery phase once all permissions and funding are in place.
	<i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i> None known of.
	<i>If so, how and when are these issues likely to be resolved?</i> N/A
	<i>Any other relevant information?</i> No
Planning application progress	<i>Have any pre-application enquiries been made?</i> Future phase of delivery.
	<i>What is the status/anticipated decision date of any pre-application enquiry?</i> N/A
	<i>When is an application for planning permission anticipated to be submitted?</i> 2021
	<i>Any other relevant information?</i> N/A
Site assessment progress	<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i> A range of surveys have been carried out, including topographical, ecological, trees, site investigations.
	<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i>  Part of the site is currently playing fields/POS. The other part of the site will be affected by ground conditions given that it is a brownfield former housing site. These are not delaying progress but are being

	<p>considered as part of the design, engineering and pre-app stage.</p>
	<p><i>If so, how will these barriers be resolved?</i></p>
	<p>As above</p>
	<p><i>What are the timescales for resolving these barriers?</i></p>
	<p>Ongoing.</p>
	<p><i>Any other relevant information?</i></p> <p>N/A</p>
<p>Infrastructure considerations</p>	<p><i>Are there any infrastructure constraints that might delay the site coming forward?</i></p> <p>Made ground following demolition of former structures on site to be managed.</p>
	<p><i>If so, what steps have been taken to resolve these infrastructure constraints?</i></p>
	<p>Planning layout seeks to minimise conflicts, engineering design will mitigate remaining issues.</p>
	<p><i>What is the likely timescale for resolving any infrastructure constraints?</i></p>
	<p>As part of ongoing design refinement during planning process.</p>
	<p><i>Are there any highway works that need to be carried out prior to commencement or occupation?</i></p> <p>Insufficient information at the moment.</p>
	<p><i>Is there any funding available which might assist to overcome any potential infrastructure issues?</i></p> <p>Not currently known – continuously exploring options with external funders.</p>
	<p><i>Any other relevant information?</i></p> <p>N/A</p>
<p>Viability considerations</p>	<p><i>Are there any viability issues with bringing the site forward? e.g. any relevant considerations relating to market area or site specific matters</i></p> <p>Site is in former Housing Market Renewal area, however recent development by SHC in the neighbourhood is already improving market conditions.</p>
	<p><i>How will any viability issues be resolved?</i></p> <p>Scheme will be part of a comprehensive review and options appraisal to consider ways in which the existing viability gap can be reduced or removed – may include house type design, mix, tenure. Further to this, SHC is in ongoing dialogue with Homes England and Sheffield City Region who are interested</p>

	<p>and actively supportive of the SHC forward programme.</p> <p><i>How will any funding shortfalls be met?</i></p> <p>See above. Scheme will only be started once a fully viable and robust funding package has been agreed by all partners.</p>
Funding	<p><i>Is funding required to bring the site forward?</i></p> <p>Yes.</p>
	<p><i>Are funding arrangements secured?</i></p> <p>No.</p>
	<p><i>How is that funding anticipated to be used and how will those arrangements contribute towards delivery?</i></p> <p>To address infrastructure requirements of the site.</p>
	<p><i>If not, what prospect is there of securing funding and what are the details and timescales for this?</i></p> <p>Positive discussions given supportive relationship with funders. Likely to target future years' funding programmes.</p>
Marketing	<p><i>Has the site been actively marketed?</i></p> <p>No.</p>
	<p><i>What (if any) marketing activities have been undertaken to date?</i></p> <p>N/A</p>
	<p><i>When was that marketing carried out?</i></p> <p>N/A</p>
	<p><i>When might the site come forward?</i></p> <p>2023</p>
	<p><i>Is a developer or site promotor involved?</i> <i>Has there been any market interest?</i></p> <p>Keepmoat as SHC development partner</p>
	<p><i>Can you provide any relevant market information to justify delivery assumptions?</i></p> <p>N/A</p>
	<p><i>Are there any other barriers delaying or preventing development from coming forward on this site?</i></p>
UDP Allocations	<p><i>Please explain why the site is now coming forward?</i></p> <p>N/A</p>
Brownfield Register	<p><i>Please explain why the site is now coming forward?</i></p>

**Category (b) deliverable sites: UDP site allocations / sites on the brownfield register**

Site Reference	S00721
Address	Daresbury Drive Maisonettes
Ownership information	<i>Is the site still available?</i> Yes
	<i>Is the site in single ownership or are there land assembly complications?</i> Site in single ownership – Sheffield City Council.
	<i>Does the developer own the site?</i> No – site belongs to Sheffield City Council, but forms part of a partnership agreement with Sheffield Housing Company and will be drawn down by SHC for delivery phase once all permissions and funding are in place.
	<i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i> None known of.
	<i>If so, how and when are these issues likely to be resolved?</i> N/A
	<i>Any other relevant information?</i> No
Planning application progress	<i>Have any pre-application enquiries been made?</i> Future phase of delivery.
	<i>What is the status/anticipated decision date of any pre-application enquiry?</i> Pending.
	<i>When is an application for planning permission anticipated to be submitted?</i> 2021.
	<i>Any other relevant information?</i> N/A.
Site assessment progress	<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i>  A range of surveys have been carried out, including topographical, ecological, trees, site investigations.
	<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i>  Topography and ground conditions given that this is a brownfield former housing site. These are not delaying progress but are being considered as part of

	<p>the design, engineering and pre-app stage.</p> <p><i>If so, how will these barriers be resolved?</i></p> <p>As above.</p> <p><i>What are the timescales for resolving these barriers?</i></p> <p>Ongoing.</p> <p><i>Any other relevant information?</i></p> <p>N/A</p>
Infrastructure considerations	<p><i>Are there any infrastructure constraints that might delay the site coming forward?</i></p> <p>Made ground following demolition of former structures on site to be managed.</p> <p><i>If so, what steps have been taken to resolve these infrastructure constraints?</i></p> <p>Planning layout seeks to minimise conflicts, engineering design will mitigate remaining issues.</p> <p><i>What is the likely timescale for resolving any infrastructure constraints?</i></p> <p>As part of ongoing design refinement process.</p> <p><i>Are there any highway works that need to be carried out prior to commencement or occupation?</i></p> <p>Insufficient information at the moment.</p> <p><i>Is there any funding available which might assist to overcome any potential infrastructure issues?</i></p> <p>SHC is in ongoing dialogue with Homes England and Sheffield City Region who are interested and actively supportive of the SHC forward programme.</p> <p><i>Any other relevant information?</i></p> <p>N/A</p>
Viability considerations	<p><i>Are there any viability issues with bringing the site forward? e.g. any relevant considerations relating to market area or site specific matters</i></p> <p>Site is in former Housing Market Renewal area, however recent development by SHC in the neighbourhood is already improving market conditions.</p> <p><i>How will any viability issues be resolved?</i></p> <p>SHC is in ongoing dialogue with Homes England and Sheffield City Region who are interested and actively supportive of the SHC forward programme.</p> <p><i>How will any funding shortfalls be met?</i></p> <p>See above. Scheme will only be started once a fully viable and robust funding package has been agreed by all partners.</p>
Funding	<p><i>Is funding required to bring the site forward?</i></p> <p>Yes.</p>

	<p><i>Are funding arrangements secured?</i> No.</p> <p><i>How is that funding anticipated to be used and how will those arrangements contribute towards delivery?</i> To address infrastructure requirements of the site.</p> <p><i>If not, what prospect is there of securing funding and what are the details and timescales for this?</i> Positive discussions given supportive relationship with funders. Likely to target future years' funding programmes.</p>
Marketing	<p><i>Has the site been actively marketed?</i> No.</p> <p><i>What (if any) marketing activities have been undertaken to date?</i> N/A</p> <p><i>When was that marketing carried out?</i> N/A</p> <p><i>When might the site come forward?</i> Early 2022.</p> <p><i>Is a developer or site promotor involved?</i> <i>Has there been any market interest?</i> Keepmoat as SHC development partner.</p> <p><i>Can you provide any relevant market information to justify delivery assumptions?</i></p>
Other	<p><i>Are there any other barriers delaying or preventing development from coming forward on this site?</i></p>
UDP Allocations	<p><i>Please explain why the site is now coming forward?</i> N/A</p>
Brownfield Register	<p><i>Please explain why the site is now coming forward?</i> Part of SHC delivery programme to accelerate housing delivery in the city – included within phase 5b.</p>
Lead in time (from 1.4.20)	<p><i>Please provide any evidence / justification for the lead in time indicated.</i></p>
Build rate per annum	40
Any assumptions made in relation to the build rate	<p><i>How many outlets are anticipated? Any additional market information or comparators that justify these assumptions?</i> Based on comparators from previous SHC sites delivered.</p>

**Category (b) deliverable sites: UDP site allocations / sites on the brownfield register**

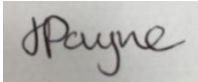

Site Reference	S00733	
Address	Gaunt Road (previously numbered 95 - 381)	
Ownership information	<i>Is the site still available?</i> Yes	
	<i>Is the site in single ownership or are there land assembly complications?</i> Site in single ownership – Sheffield City Council.	
	<i>Does the developer own the site?</i> Yes – Sheffield City Council to deliver the site directly.	
	<i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i> No	
	<i>If so, how and when are these issues likely to be resolved?</i> N/A	
	<i>Any other relevant information?</i> No	
	Planning application progress	<i>Have any pre-application enquiries been made?</i> No
		<i>What is the status/anticipated decision date of any pre-application enquiry?</i> N/A
	<i>When is an application for planning permission anticipated to be submitted?</i> Aim to submit Full Planning Application in June 2021	
	<i>Any other relevant information?</i>	
Site assessment progress	<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i>  Cleared ex-housing site. Phase 1 Geotech, Ecological, Desktop Archaeological and UXO surveys carried out in 2019. Topographical surveys carried out in April 2020. Flood assessment, SUDS assessment and drainage strategy to be carried out in spring 2021 in preparation for Planning submission.	
	<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i>  None known at this time	
	<i>If so, how will these barriers be resolved?</i>  N/A	

	<p><i>What are the timescales for resolving these barriers?</i></p> <p>N/A</p>
	<p><i>Any other relevant information?</i></p> <p>N/A</p>
Infrastructure considerations	<p><i>Are there any infrastructure constraints that might delay the site coming forward?</i></p> <p><b>None known at this time</b></p>
	<p><i>If so, what steps have been taken to resolve these infrastructure constraints?</i></p> <p>N/A</p>
	<p><i>What is the likely timescale for resolving any infrastructure constraints?</i></p> <p><b>December 2020</b></p>
	<p><i>Are there any highway works that need to be carried out prior to commencement or occupation?</i></p> <p><b>To be determined at site masterplanning stage</b></p>
	<p><i>Is there any funding available which might assist to overcome any potential infrastructure issues?</i></p> <p><b>Not currently known</b></p>
	<p><i>Any other relevant information?</i></p> <p>N/A</p>
Viability considerations	<p><i>Are there any viability issues with bringing the site forward? e.g. any relevant considerations relating to market area or site specific matters</i></p> <p><b>No</b></p>
	<p><i>How will any viability issues be resolved?</i></p> <p>N/A</p>
	<p><i>How will any funding shortfalls be met?</i></p> <p>N/A</p>
Funding	<p><i>Is funding required to bring the site forward?</i></p> <p><b>Delivery to be funded through the Council's Stock Increase Programme for General Needs (affordable) properties.</b></p>
	<p><i>Are funding arrangements secured?</i></p> <p>The current HRA Business Plan update includes anticipated funding requirements for this site. This is currently in consultation. This is a mixture of HRA borrowing and 1-4-1 Receipt spend. If Homes England funding is available, this will be accessed. The project will go through individual capital approvals backed up by the HRA Business Plan and the Cabinet approval of the Stock Increase Programme.</p>

	<p><i>How is that funding anticipated to be used and how will those arrangements contribute towards delivery?</i></p> <p>Funding identified to be used for the whole project.</p> <p><i>If not, what prospect is there of securing funding and what are the details and timescales for this?</i></p> <p>N/A</p>
Marketing	<p><i>Has the site been actively marketed?</i></p> <p>N/A site to be directly developed by Sheffield City Council.</p> <p><i>What (if any) marketing activities have been undertaken to date?</i></p> <p>N/A</p> <p><i>When was that marketing carried out?</i></p> <p>N/A</p> <p><i>When might the site come forward?</i></p> <p>N/A</p> <p><i>Is a developer or site promotor involved? Has there been any market interest?</i></p> <p>N/A</p> <p><i>Can you provide any relevant market information to justify delivery assumptions?</i></p> <p>N/A</p>
Other	<p><i>Are there any other barriers delaying or preventing development from coming forward on this site?</i></p> <p>Not known at this stage</p>
UDP Allocations	<p><i>Please explain why the site is now coming forward?</i></p>
Brownfield Register	<p><i>Please explain why the site is now coming forward?</i></p> <p>Development of this site contributes towards the Individual Cabinet Member decision made in October 2019 to increase the Council's Stock Increase Programme target to 3,100. This has been developed in part, to take advantage of lifted restrictions on borrowing against the Housing Revenue Account.</p>
Lead in time (from 1.4.120)	<p><i>Please provide any evidence / justification for the lead in time indicated.</i></p> <p>Start on site expected December 2021</p>
Build rate per annum	<p>Scheme will be completed in a single year</p>
Any assumptions made in relation to the build rate	<p><i>How many outlets are anticipated? Any additional market information or comparators that justify these assumptions?</i></p> <p>A contract to deliver the units will not stipulate delivery or phased based targets in year, so at this stage it is</p>

	difficult to estimate year on year delivery. Once started on site, a build out rate can be determined.

**Category (b) deliverable sites: UDP site allocations / sites on the brownfield register**

Site Reference	S01447
Address	Claywood Tower Blocks
Ownership information	<i>Is the site still available?</i> Yes
	<i>Is the site in single ownership or are there land assembly complications?</i> Site in single ownership – Sheffield City Council.
	<i>Does the developer own the site?</i> No – site belongs to Sheffield City Council, but forms part of a partnership agreement with Sheffield Housing Company and will be drawn down by SHC for delivery phase once all permissions and funding are in place.
	<i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i> None known of.
	<i>If so, how and when are these issues likely to be resolved?</i> N/A.
	<i>Any other relevant information?</i> N/A.
Planning application progress	<i>Have any pre-application enquiries been made?</i> Yes.
	<i>What is the status/anticipated decision date of any pre-application enquiry?</i> Ongoing engagement with Planning Authority.
	<i>When is an application for planning permission anticipated to be submitted?</i> Spring 2021.
	<i>Any other relevant information?</i> N/A.
Site assessment progress	<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i>  A range of surveys have been carried out, including topographical, ecological, trees, site investigations.
	<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i> Site has many physical constraints, however these are not delaying progress but are being considered as part of the design and pre-app stage.

	<p><i>If so, how will these barriers be resolved?</i></p> <p>As above.</p>
	<p><i>What are the timescales for resolving these barriers?</i></p> <p>In time to submit planning application by spring 2021.</p>
	<p><i>Any other relevant information?</i></p> <p>N/A</p>
Infrastructure considerations	<p><i>Are there any infrastructure constraints that might delay the site coming forward?</i></p> <p>Foundations of former tower blocks remain in ground as does redundant district heating network pipe.</p>
	<p><i>If so, what steps have been taken to resolve these infrastructure constraints?</i></p> <p>Planning layout seeks to minimise conflicts, engineering design will mitigate remaining issues. Opportunities being explored to link in to DHN pipe.</p>
	<p><i>What is the likely timescale for resolving any infrastructure constraints?</i></p> <p>As part of design process towards planning in early 2021.</p>
	<p><i>Are there any highway works that need to be carried out prior to commencement or occupation?</i></p> <p>Insufficient information at the moment.</p>
	<p><i>Is there any funding available which might assist to overcome any potential infrastructure issues?</i></p> <p>SHC is in ongoing dialogue with Homes England and Sheffield City Region who are interested and actively supportive of the SHC forward programme.</p>
	<p><i>Any other relevant information?</i></p> <p>N/A</p>
Viability considerations	<p><i>Are there any viability issues with bringing the site forward? e.g. any relevant considerations relating to market area or site specific matters</i></p> <p>Site location and position offers opportunity for bespoke scheme as opposed to standard SHC house types, targeting higher sales values. However site constraints including topography and remaining foundations will have an impact on cost.</p>
	<p><i>How will any viability issues be resolved?</i></p> <p>Considered design work, sensible cost appraisals and ongoing relationship with funding organisations regarding grant opportunities.</p>
	<p><i>How will any funding shortfalls be met?</i></p> <p>As above.</p>
Funding	<p><i>Is funding required to bring the site forward?</i></p> <p>Yes, probably.</p>

	<p><i>Are funding arrangements secured?</i> No.</p> <p><i>How is that funding anticipated to be used and how will those arrangements contribute towards delivery?</i> To address infrastructure requirements of the site.</p> <p><i>If not, what prospect is there of securing funding and what are the details and timescales for this?</i> Good chance of securing funding – this is a high profile site on the edge of the city centre.</p>
Marketing	<p><i>Has the site been actively marketed?</i> No.</p> <p><i>What (if any) marketing activities have been undertaken to date?</i> Soft market research has been undertaken via Countrywide (part of Blundells) in March 2019 and then in December 2019 with Keepmoat sales as well as an independent market assessment by Bielby Associates. Further estate agent assessments are currently being sought based on new concept design.</p> <p><i>When was that marketing carried out?</i> See above.</p> <p><i>When might the site come forward?</i> 2021/22.</p> <p><i>Is a developer or site promotor involved?</i> <i>Has there been any market interest?</i> Keepmoat as SHC development partner.</p> <p><i>Can you provide any relevant market information to justify delivery assumptions?</i></p>
Other	<p><i>Are there any other barriers delaying or preventing development from coming forward on this site?</i></p>
UDP Allocations	<p><i>Please explain why the site is now coming forward?</i> N/A</p>
Brownfield Register	<p><i>Please explain why the site is now coming forward?</i> Part of SHC delivery programme to accelerate housing delivery in the city – included within phase 5b.</p>
Lead in time (from 1.4.20)	<p><i>Please provide any evidence / justification for the lead in time indicated.</i></p>
Build rate per annum	40
Any assumptions made in relation	<i>How many outlets are anticipated? Any additional</i>

to the build rate	<i>market information or comparators that justify these assumptions?</i> Based on comparators from previous SHC sites delivered.
Total units	40

**Category (b) deliverable sites: UDP site allocations / sites on the brownfield register**

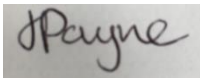

Site Reference	S01450
Address	Berners Road/ Berners Place
Ownership information	<i>Is the site still available?</i> Yes
	<i>Is the site in single ownership or are there land assembly complications?</i>  Site in single ownership – Sheffield City Council.
	<i>Does the developer own the site?</i>  Yes – Sheffield City Council to deliver the site directly.
	<i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i>  No
	<i>If so, how and when are these issues likely to be resolved?</i>  N/A
	<i>Any other relevant information?</i>  No
	Planning application progress
<i>What is the status/anticipated decision date of any pre-application enquiry?</i> N/A	
<i>When is an application for planning permission anticipated to be submitted?</i> Planning application submitted October 2019 (19/03816/RG3) for 45 houses and 18 flats. Granted June 2020.	
<i>Any other relevant information?</i>	
Site assessment progress	<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i>  Cleared ex-housing site. Phase 1 Geotech, Desktop Archaeological and UXO surveys carried out in 2019 and submitted for Planning. Addition of Flood Risk Assessment, SUDS assessment and drainage strategy as part of validation.
	<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i>  Large extent of geotechnical engineering works required to stabilise this site due to existence of mine workings. Details included in the Planning validation

	<p>and permission.</p> <p><i>If so, how will these barriers be resolved?</i></p> <p>As designed in accordance with Planning validation.</p> <p><i>What are the timescales for resolving these barriers?</i></p> <p>Designs submitted and approved and ground remediation works to recommence in September 2020..</p> <p><i>Any other relevant information?</i></p> <p>N/A</p>
Infrastructure considerations	<p><i>Are there any infrastructure constraints that might delay the site coming forward?</i></p> <p>None known at this time</p> <p><i>If so, what steps have been taken to resolve these infrastructure constraints?</i></p> <p>N/A</p> <p><i>What is the likely timescale for resolving any infrastructure constraints?</i></p> <p>June 2021</p> <p><i>Are there any highway works that need to be carried out prior to commencement or occupation?</i></p> <p>As agreed as part of the Planning Approval.</p> <p><i>Is there any funding available which might assist to overcome any potential infrastructure issues?</i></p> <p>General project viability gap funding is being received from Homes England under the SOAHP fund.</p> <p><i>Any other relevant information?</i></p> <p>N/A</p>
Viability considerations	<p><i>Are there any viability issues with bringing the site forward? e.g. any relevant considerations relating to market area or site specific matters</i></p> <p>As above. Dealt with by application of HE SOAHP funding.</p> <p><i>How will any viability issues be resolved?</i></p> <p>N/A</p> <p><i>How will any funding shortfalls be met?</i></p> <p>N/A</p>
Funding	<p><i>Is funding required to bring the site forward?</i></p> <p>Delivery to be funded through the Council's Stock Increase Programme for General Needs (affordable) properties.</p> <p><i>Are funding arrangements secured?</i></p> <p>The current HRA Business Plan update includes anticipated funding requirements for this site. This was</p>

	<p>approved in February 2020. This is a mixture of HRA borrowing and 1-4-1 Receipt spend. Homes England funding is available for this scheme and has been accessed. The project will go through individual capital approvals backed up by the HRA Business Plan and the Cabinet approval of the Stock Increase Programme.</p> <p><i>How is that funding anticipated to be used and how will those arrangements contribute towards delivery?</i></p> <p>Funding identified to be used for the whole project.</p> <p><i>If not, what prospect is there of securing funding and what are the details and timescales for this?</i></p> <p>N/A</p>
Marketing	<p><i>Has the site been actively marketed?</i></p> <p>N/A site to be directly developed by Sheffield City Council.</p> <p><i>What (if any) marketing activities have been undertaken to date?</i></p> <p>N/A</p> <p><i>When was that marketing carried out?</i></p> <p>N/A</p> <p><i>When might the site come forward?</i></p> <p>N/A</p> <p><i>Is a developer or site promotor involved? Has there been any market interest?</i></p> <p>N/A</p> <p><i>Can you provide any relevant market information to justify delivery assumptions?</i></p> <p>N/A</p>
Other	<p><i>Are there any other barriers delaying or preventing development from coming forward on this site?</i></p> <p>Not known at this stage</p>
UDP Allocations	<p><i>Please explain why the site is now coming forward?</i></p>
Brownfield Register	<p><i>Please explain why the site is now coming forward?</i></p> <p>Development of this site contributes towards the Individual Cabinet Member decision made in October 2019 to increase the Council's Stock Increase Programme target to 3,100. This has been developed in part, to take advantage of lifted restrictions on borrowing against the Housing Revenue Account.</p>
Lead in time (from 1.4.20)	<p><i>Please provide any evidence / justification for the lead in time indicated.</i></p>

	Geotech surveys required for engineering design commenced in March 2020. COVID lockdown and work furlough schemes caused delays in finalising engineering design and tendering ground work element. Full start on site now expected September 2020.
Build rate per annum	63
Any assumptions made in relation to the build rate	<i>How many outlets are anticipated? Any additional market information or comparators that justify these assumptions?</i>  A contract to deliver the units will not stipulate delivery or phased based targets in year, so at this stage it is difficult to estimate year on year delivery. Once started on site, a build out rate can be determined.
Total units	63
Year 1 (2020/21)	0
Year 2 (2021/22)	63
Year 3 (2022/23)	0
Year 4 (2023/24)	0
Year 5 (2024/25)	0
Total 5 year supply	63

**Category (b) deliverable sites: UDP site allocations / sites on the brownfield register**

Site Reference	S01453
Address	Mansell Crescent / Mansell Road (Malthouses)
Ownership information	<i>Is the site still available?</i> Yes
	<i>Is the site in single ownership or are there land assembly complications?</i> Site in single ownership – Sheffield City Council.
	<i>Does the developer own the site?</i> No – site belongs to Sheffield City Council, but forms part of a partnership agreement with Sheffield Housing Company and will be drawn down by SHC for delivery phase once all permissions and funding are in place.
	<i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i> None known of.
	<i>If so, how and when are these issues likely to be resolved?</i> N/A.
	<i>Any other relevant information?</i> N/A.
Planning application progress	<i>Have any pre-application enquiries been made?</i> Yes, mid 2020
	<i>What is the status/anticipated decision date of any pre-application enquiry?</i> Pending.
	<i>When is an application for planning permission anticipated to be submitted?</i> October 2020.
	<i>Any other relevant information?</i> N/A.
Site assessment progress	<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i>  A full suite of surveys have been carried out, including topographical, ecological, trees, site investigations.
	<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i> Topography and ground conditions given that this is a brownfield former housing site. These are not delaying progress but will be considered as part of the design and engineering stage.

	<p><i>If so, how will these barriers be resolved?</i></p> <p>As above.</p>
	<p><i>What are the timescales for resolving these barriers?</i></p> <p>Ongoing.</p>
	<p><i>Any other relevant information?</i></p> <p>N/A</p>
Infrastructure considerations	<p><i>Are there any infrastructure constraints that might delay the site coming forward?</i></p> <p>Made ground following demolition of former structures on site to be managed. Sub-station to be designed and worked around.</p>
	<p><i>If so, what steps have been taken to resolve these infrastructure constraints?</i></p> <p>Planning layout seeks to minimise conflicts, engineering design will mitigate remaining issues.</p>
	<p><i>What is the likely timescale for resolving any infrastructure constraints?</i></p> <p>As part of ongoing design refinement process.</p>
	<p><i>Are there any highway works that need to be carried out prior to commencement or occupation?</i></p> <p>Insufficient information at the moment.</p>
	<p><i>Is there any funding available which might assist to overcome any potential infrastructure issues?</i></p> <p>SHC is in ongoing dialogue with Homes England and Sheffield City Region who are interested and actively supportive of the SHC forward programme.</p>
	<p><i>Any other relevant information?</i></p> <p>N/A</p>
Viability considerations	<p><i>Are there any viability issues with bringing the site forward? e.g. any relevant considerations relating to market area or site specific matters</i></p> <p>Site is in former Housing Market Renewal area, however recent development by SHC in the neighbourhood is already improving market conditions.</p>
	<p><i>How will any viability issues be resolved?</i></p> <p>SHC has submitted a funding application for the full viability gap to Sheffield City Region, which has been received positively.</p>
	<p><i>How will any funding shortfalls be met?</i></p> <p>See above. Scheme will only be started once a fully viable and robust funding package has been agreed by all partners.</p>
Funding	<p><i>Is funding required to bring the site forward?</i></p>

	<p>Yes.</p> <p><i>Are funding arrangements secured?</i> Not yet. As above, a grant application is currently being assessed by Sheffield City Region.</p> <p><i>How is that funding anticipated to be used and how will those arrangements contribute towards delivery?</i> To address infrastructure requirements of the site.</p> <p><i>If not, what prospect is there of securing funding and what are the details and timescales for this?</i> Positive discussions given supportive relationship with funders. Likely to target future years' funding programmes.</p>
Marketing	<p><i>Has the site been actively marketed?</i> No.</p> <p><i>What (if any) marketing activities have been undertaken to date?</i> Soft market research has been undertaken in December 2019 with Keepmoat sales as well as an independent market assessment by Bielby Associates.</p> <p><i>When was that marketing carried out?</i> See above.</p> <p><i>When might the site come forward?</i> Spring 2022.</p> <p><i>Is a developer or site promotor involved?</i> <i>Has there been any market interest?</i> Keepmoat as SHC development partner.</p> <p><i>Can you provide any relevant market information to justify delivery assumptions?</i></p>
Other	<p><i>Are there any other barriers delaying or preventing development from coming forward on this site?</i></p>
UDP Allocations	<p><i>Please explain why the site is now coming forward?</i> N/A</p>
Brownfield Register	<p><i>Please explain why the site is now coming forward?</i> Part of SHC delivery programme to accelerate housing delivery in the city – included within phase 4.</p>
Lead in time (from 1.4.20)	<p><i>Please provide any evidence / justification for the lead in time indicated.</i></p>
Build rate per annum	40
Any assumptions made in relation	<i>How many outlets are anticipated? Any additional</i>

to the build rate	<i>market information or comparators that justify these assumptions?</i> Based on comparators from previous SHC sites delivered.

Site Reference	S01467	
Address	Site of Properties At Scowerdons Drive, Silkstone Road, Spa Brook Drive, Wickfield Close (Scowerdons Phases 1b, 1c, 2, 4, 5, 6)	
Ownership information	<i>Is the site still available?</i> Yes	
	<i>Is the site in single ownership or are there land assembly complications?</i>  Site in single ownership – Sheffield City Council.	
	<i>Does the developer own the site?</i>  Yes – Sheffield City Council to deliver the site directly.	
	<i>Are there any other ownership issues that might prevent the site coming forward (e.g. ransom strips)?</i>  No	
	<i>If so, how and when are these issues likely to be resolved?</i>  N/A	
	<i>Any other relevant information?</i>  No	
	Planning application progress	<i>Have any pre-application enquiries been made?</i>  No
		<i>What is the status/anticipated decision date of any pre-application enquiry?</i>  N/A
	<i>When is an application for planning permission anticipated to be submitted?</i> Aim to submit Full Planning Application in June 2021	
	<i>Any other relevant information?</i>	
Site assessment progress	<i>Which relevant assessments (e.g. landscape impact assessment, flood risk assessment, bat survey) have been undertaken and which are still awaited?</i>  Cleared ex-housing site. Phase 1 Geotech, Desktop Archaeological, Topographical and UXO surveys carried out in 2019. Flood risk assessment, SUDS assessment and drainage strategy to be carried out in spring 2021 in preparation for Planning submission.	
	<i>Are there any known barriers to delivery, or that are delaying or preventing development?</i>  No	
	<i>If so, how will these barriers be resolved?</i>	

	N/A
	<i>What are the timescales for resolving these barriers?</i>
	N/A
	<i>Any other relevant information?</i>
	No
Infrastructure considerations	<i>Are there any infrastructure constraints that might delay the site coming forward?</i>
	<b>None known at this time</b>
	<i>If so, what steps have been taken to resolve these infrastructure constraints?</i>
	N/A
	<i>What is the likely timescale for resolving any infrastructure constraints?</i>
	N/A
	<i>Are there any highway works that need to be carried out prior to commencement or occupation?</i>
	<b>To be determined at site masterplanning stage</b>
	<i>Is there any funding available which might assist to overcome any potential infrastructure issues?</i>
	N/A
	<i>Any other relevant information?</i>
	N/A
Viability considerations	<i>Are there any viability issues with bringing the site forward? e.g. any relevant considerations relating to market area or site specific matters</i>
	No
	<i>How will any viability issues be resolved?</i>
	N/A
	<i>How will any funding shortfalls be met?</i>
	N/A
Funding	<i>Is funding required to bring the site forward?</i>
	Delivery to be funded through the Council's Stock Increase Programme through a mixture of HRA borrowing and capital resources. Grant funding may be pursued if required.
	<i>Are funding arrangements secured?</i> The 2019/20 HRA Business Plan update includes anticipated funding requirements for this site and a detailed breakdown is set out in the Final Business Case for the project. Funding is a mixture of HRA borrowing, and 1-4-1 Receipt spend. The project has been through individual capital approvals backed up by the HRA Business Plan and the Cabinet approval of the Stock Increase Programme.

	<p><i>How is that funding anticipated to be used and how will those arrangements contribute towards delivery?</i></p> <p><b>Funding identified to be used for the whole project.</b></p> <p><i>If not, what prospect is there of securing funding and what are the details and timescales for this?</i></p> <p>N/A</p>
Marketing	<p><i>Has the site been actively marketed?</i></p> <p>N/A site to be directly developed by Sheffield City Council.</p> <p><i>What (if any) marketing activities have been undertaken to date?</i></p> <p>N/A</p> <p><i>When was that marketing carried out?</i></p> <p>N/A</p> <p><i>When might the site come forward?</i></p> <p>N/A</p> <p><i>Is a developer or site promotor involved? Has there been any market interest?</i></p> <p>N/A</p> <p><i>Can you provide any relevant market information to justify delivery assumptions?</i></p> <p>N/A</p>
Other	<p><i>Are there any other barriers delaying or preventing development from coming forward on this site?</i></p> <p><b>Not known at this stage</b></p>
UDP Allocations	<p><i>Please explain why the site is now coming forward?</i></p>
Brownfield Register	<p><i>Please explain why the site is now coming forward?</i></p> <p>Development of this site contributes towards the Individual Cabinet Member decision made in October 2019 to increase the Council's Stock Increase Programme target to 3,100. This has been developed in part, to take advantage of lifted restrictions on borrowing against the Housing Revenue Account.</p>
Lead in time (from 1.4.20)	<p><i>Please provide any evidence / justification for the lead in time indicated.</i></p> <p>Start on site expected April 2022</p>
Build rate per annum	N/A
Any assumptions made in relation to the build rate	<p><i>How many outlets are anticipated? Any additional market information or comparators that justify these assumptions?</i></p> <p>A contract to deliver the units will not stipulate delivery</p>

	or phased based targets in year, so at this stage it is difficult to estimate year on year delivery. Once started on site, a build out rate can be determined.
Total units	268

Other	<p><i>Are there any other barriers delaying or preventing development from coming forward on this site?</i></p> <p>Not known at this stage</p>
UDP Allocations	<p><i>Please explain why the site is now coming forward?</i></p>
Brownfield Register	<p><i>Please explain why the site is now coming forward?</i></p> <p>Development of this site contributes towards the Individual Cabinet Member decision made in October 2019 to increase the Council's Stock Increase Programme target to 3,100. This has been developed in part, to take advantage of lifted restrictions on borrowing against the Housing Revenue Account.</p>
Lead in time (from 1.4.20)	<p><i>Please provide any evidence / justification for the lead</i></p>

	<i>in time indicated.</i> Start on site for the North part of the site is expected January 2022 Start on site for South part of the site expected July 2022
Build rate per annum	Average 106
Any assumptions made in relation to the build rate	<i>How many outlets are anticipated? Any additional market information or comparators that justify these assumptions?</i>  A contract to deliver the units will not stipulate delivery or phased based targets in year, so at this stage it is difficult to estimate year on year delivery. Once started on site, a build out rate can be determined.  The build out rate is based on two contracts delivering an average of 106 units per year over two years.
Total units	213
Year 1 (2020/21)	0
Year 2 (2021/22)	0
Year 3 (2022/23)	0
Year 4 (2023/24)	40
Year 5 (2024/25)	173
Total 5 year supply	213

*I agree that, to the best of my knowledge, the information above is an accurate assessment of the deliverability of the above site at this current time.*

Signed
